The chair replied in the affirmitive Mr. Drom accessed the me tandid not recite the protect in terms the chair sheeded that Mr. Dromgoole a motion and not be more, unless it did recit. Mr. Wischaim including the protest. Mr. Dromgoole approach from the decision.

Mr. Peter ken then made a ferrer attack on the hair for not heeding his reported motions for the previous question, and anisate the lead laughter of the whole meeting, instant on the previous question. The motion of Mr. Dromgoole was then brought to the work, and carried by a considerable majority. At length were ugain made by some of the Van Bu et al. S. All the motion of Mr. Dromgoole were utterly tired of disgusted with such useless and about discussions, and readily agreed to a unition of Mr. Undessent to lay the whole subject on the table.

The meeting them went to business. Mr. Wise-

Post of W. smoutes Characterere 1 bishout much delay be brought to a direct vote on the function pending at the adjacement yesterwas Mr. Cample II a motion to reconsider the second of the function is reconsidered the second of the function of the house. He, therefore, while the motion is reconsidered the second of the house to retrace its steps; and for this purpose he was the reconsideration. Wise next tone, and addressed the meeting

Wose, although all his political friends seemed to be ready to frequence in it.

Mr. Wise then proceeded to speak on the genoral que tion. If it said he had submitted a distinct on the said the had submitted a distinct to witness, that the opposition are not responsible for further waste of time.

The Van Barenies naw clustered rotinal Turney and induced him to withdraw his objection.

Mr. Wise when informed of this withdrawal, then asked, "Will gentless to considerations bearing prevailed F."

"Yes" was," was should do not all adds.—"Will they end do not be the fact that the fall with waste that the control of the related to the fall with the fall with the second control of the with the fall with the second control of the second control

when missing that Mr. Randolph had it is more that any upper councered with the case of leagues should be spread upon the journal wall for the previous question was sustained. Vanderpeel rose to address the house. Microe in fixed upon the rule which prohibitation first the previous question has a few properties.

foco deat, uctives. Mr. Wise said he remembered that larty hid, a tew years ago, a mijerity of 30 or 4% and it was some confut now to see them reduced so low that they had to juckey for the race.

The delaste continued for some time in the characteristic conversation, intrincipled with were independent on conversation, intrincipled with were independent on cross and appealed to low Barnard to with law his resolution, and allow those in his darked, this his resolution, and allow those in his darked, this his resolution, and allow those in his darked, this his resolution, and allow those in his darked, this his resolution, and allow those in his darked, this farching a sewerin in each to go on and do what they have the power to do at one. He thought it was sessies to continue the electric that and the ways the proposition which he had submitted the would, for the purpose of avoiding unnecessary Calagoria, and allow, so far as he was concerned, the vote on the charge of speaker to be taken at once. "Agreed agreed" was abouted on all sides. The needing their proceeded to vote for speaker, rise see. Means, Keim, Crockett, Kemble and Birder were a position tellers.

When the clerk had finished the roll, Mr. Halstead of New Jersey, rose, and demanded the right to vote and said he gave his vote for John Bell. He was, however, called to order, and his vote was not counted to course.

Pre-cierk, he said, had again negicited his duty to he sinvence.

Mr. Vanderpoel said the house had expressly re-used to allow the potest to be entered on the journal; and the clerk, he maintained, we should regard the clerk, he maintained, we should regard the clerk, he maintained, we should regard the clean of the house.

Tow, I here six ply remark on the argument of Mr. Var de poel, the the hume? did year rilay distinctly so that the vote by ayea and mays would carry the meets to the journal by necessity! and actually uses its regiment to order to induce his richard to veter states that the question by ayea and mays.

Mr. Weller, who takes very oportunity of making timed? correjectors, started up and demanded the revises question, but within wit in order to allow. It breege of et is note a long speech in favor of the derist of the decision of the house.

Mr. Wise rose to explanation; and said he had a too to make which he hoped would be adorted by ed of course.

The result of the first ballet was for
John W. Jones. of Virginia, 113 - John Rell, of
Fennessee, 102 - Wa., C. Dawsen, 11 - Dixon H
Lewis, J.- F. H. Pickens, 5- and Mr. Hopkins, of
Virginia, I. No choice.

Four of clock, P. M., Dec. 14.

Four o'clock, P. M., Dec. 14.
No election of speaker yet
Mr. Jones will probably be chosen before mid night. The resolution referred to was not found in any of the Washington papers, inasmuch as the reports and proceedings published in those papers do not go beyond the 13th—Editor.

in Dreage of the make a long streeth in favor of the leters, who, he maintained had only acted in conformer, with the decision of the house.

M. Wise rose to explaination; and said he had a don't make which he hoped would be adopted by the house, and approved of by his colleague.

Mr. Dromgoole said he would yield the floor when had finished his speech. He would not say, as is colleague (M. Wise) had said yesterday, that he work had been been seen to be a second of the said of the said of the say is colleague. It was needed a motion to cause the present to be entered on the posterior of to day.

Mr. Wise "That is my drift!"

Accordingly, when Mr. Dromgoole had couled he ration "r. Wise rose and moved, as a sistinct preparation for the legistral he so amended, as to enter the role in protest of the New Jersey wembers. Mr. vice had come remarks in any port of the motion, declaring hat the rule was vestablished and settled, that the cair set he appears and have carried the object of the vice his protest, and the rule was vestablished and settled, that the cair set he appears and have carried the object of the vice his portion, and this rule was necessary and the control should show what a port of a page offered, the outer of the Mr. Dromgoole saids a leading to make the rule and practice of congress. It was necessary needer to protect members grown to reserve the truth of he rule and practice of congress. It was necessary needer to protect members grown to describe the rule and practice of congress. It was necessary needer to protect members grown to describe the rule and practice of congress. It was necessary needer to protect members grown to describe the rule and practice of congress. It was necessary needer to protect members grown to describe the subject matter of discussion. However, the constituents we for a member judge of he rule and practice of congress. The member of nameding the journal describes and the protect of the subject of the willess of the subject of the willess of the could root under coter o beyond the 13th—Editor.

D'We are requested to call the attention of the public to the sale of choice wines, selected by a connaisence, which will take place this day, at 12 of clock, at the anction store of Moora, Board & Kendig, No. 55. Common street.

Centraal, America,—By this arrival of the brig Mary, news from Guatemals has been received as often account of the brig of the force under the communal of President Moraran, were defeated at Santa Rosa, and Colonele Cacho, and Mil a taken prisoners. In a skitmish which took place a few days before near San Salvador, General Carrera of the opposing party, was dangerously wounded. Several very strong shocks of an earth-quake were felt at San Salvador on the 6th of October. Many of the inhabitants had left the place and the government was about 1 remove to Copierpoque. A letter describing the constituent was about 1 the move of Copierpoque, and the walls are so intering data we all sleen in the count varie of the great square, under hade coverings, which is placeant enough in the rathy season, and set in the day time in the corresponding to the contribution of the great square, under hade coverings, which is placeant enough in the rathy season, and set in the day time in the corresponding to the contribution of the great square, under hade coverings, which is placeant enough in the rathy season, and set in the day time in the correspondence of the count ward of the great square under hade coverings, which is placeant enough in the rathy season, and set in the day time in the corresponding to the contribution of the great square in the count ward of the g

When could not under color or pretence of mirroding the journel, make a proposition which the house had the acy defined; a proposition which the house had dreacy defined; a trace. The only way in which of the wise could accomplish his object was to more for seconsateing the reserved decision of the house.

Mr. Deris, of Indiana, moved to lay the motion of Mr. Wise—"That motion will carry my motion-necloding also the protest itself, to the journal. Present it if you can."

Mr. Bynum tere rose, and with his characteristic modence or manner, asked the chair whether the indiana must reply to such as per prohibited by the kouse dier and the proposition of the model and earlier the formation. The grant of the house at his disconfine.

The proceedings now became of a very confused the core of the formation of the flux as a his disconfine.
