*INDIAN'S PANACEA.*

FOR the speedy and safe cure of all cancers, syphilis and mercurial diseases, particularly ulcers and painful affections of the bones, inveterate throat and nostrils, scrofula or scrofulous abscesses, white swellings or hip joint, fever sores and internal abscesses, fistulas, small head, scarvy, boils, chronic sore eyes, or opthalmia, leucorrhœal diseases, salt rheum, blotches on the skin, carbuncular canker, pains in the stomach and dyspepsia, proceeding from vitiation, affections of the liver, chronic indolence of the kidneys and general debility, caused by a torpid action of the vessels of the skin. It is singularly efficacious in removing those constitutions which have been broken down by injudicious treatment or juvenile irregularities. In general terms, it is recommended in all those diseases in which common practice has a blood-purification of the humors, of whatever form or kind.

The proprietor of this valuable medicine acquired his knowledge of its composition and virtues from a native of the aborigine of this country, and it is a selection from the most approved and successful medicines which they use—it is entirely vegetable, also prepared in vacuo, in the full assurance that he is placing within their reach a remedy capable of relieving many of his afflicted fellow-beings, who are now suffering under the most painful and distressing complaints to which it is applicable. To such it will prove the means, and in many cases, the only means of relieving their suffering, and restoring them to more perfect health and happiness. This is not offered as a common remedy, that may perchance be equally good with many others now in use, but one which has been tried in the most severe cases, where all the usual remedies fail. That it has done repeatedly, and this is the reputation it has obtained wherever it has been introduced.

This medicine has been found highly useful in many ambiguous diseases not here specified, and it has been used with wonderful success in the Spring and Summer, by those who are subject to various complaints, and whose constitutions require invigorating. Whenever a diet drink is necessary, it may be taken in connection with any other, or all at the same time, at less expense, and in a far more agreeable manner than the common diet drink.

The following certificate, out of hundreds similar which might be produced, are given to show the effect of the Indian's Panacea, in the most complicated cases of disease, and also to exhibit in the most satisfactory manner its superiority over other usual preparations:

*Copy of Dr. Wood's Certificate, &c.*

Charleston, Jan. 30, 1832.—This may certify that I was afflicted with a scrofulous disease for several years, during which time I suffered great and almost unendurable pain. I tried Philadelphian and Charleston, and also took several bottles of Swaim's Panacea, but all without permanent benefit.—During the last winter I was induced to try the Indian's Panacea which soon became so severe as to prevent my taking sufficient food to sustain life. I remained in this situation several days, and was reduced to a skeleton, and in the most unendurable starvation, when, as a last resort, I had recourse to the Indian's Panacea, and found from it almost immediate relief, so much so that in the course of two days I found myself quite well, as I have remained ever since.

COUGH REMEDY—Pectoral Pastes of Ingredients, Druggist at Paris—Of all the remedies now known for the cure of coughs, none has ever obtained so much celebrity as the Pectoral Paste. The happy results which have followed its use range in the affection of the lungs and consumption, have rendered it an invaluable.

The paste is highly prized as a powerful calming irritations of the throat and lungs, facilitates the expectoration, as I stated, the cough. It is one of the best remedies in colds, catarrhs, &c., which yield immediately to its use. Public testimony is the best evidence.
