LIFE INSURANCE.

OCEAN INSURANCE COMPANY—The absence of any institution in this city for insuring life, and the extravagant rates charged by the agents of the numerous European companies for granting life policies to persons residing in Louisiana, have determined the Board of Directors of this Company to put into operation the 9th section of the charter which authorizes insurance upon lives, on a scale of premiums which will enable every one who is in receipt of a salary, however small, to secure a certain sum at his decease sufficiently large to render his family entirely independent on them a comfortable provision in case of their death.

The scale determined on is, as nearly as possible, the average of those adopted by the London offices for insuring lives in England; in addition whatever being made for difference of climate, and by this scale a premium of twenty dollars paid by a person 28 years old will secure the payment of one thousand dollars to his assigns should he die within the year—an annual premium of one hundred dollars will secure five thousand dollars—and so on in proportion for any large amount.

The Company issue policies for any term from one to seven years and the premium can be paid quarterly, half yearly or yearly.

Any further information that may be required will be furnished on application to the office No. 48 Camp street, corner of Gravier street.

By order of the Board.

CHS. BRIGGS, Secretary.
