“Truth and Integrity, and Public Justice” —

FOR GOVERNOR
HENRY JOHNSON.

NEW-ORLEANS,
SATURDAY MORNING, AUGUST 14, 1841.

The severe indisposition of our Commercial Editor entitles us to one respite in the day's paper at the close of the market.

THE BOURBON MAIL failed yesterday beyond char-

ge. After all the hue and outcry, the violent de-

nunciations and fire of rage respecting the “toxic sub-

stances,” the hoodoo was constrained by their silence at least, to admit its efficacy. Under the strict check-

of the law, this venomous practice of casting aspersions on an object so不堪人見 as mercury is still rampant.

The author of the article, the third and the two great-

est, at the head of 160,000 attacked and routed a force of 400 men, and was not present. The at-

tacking party suffered very little.

VERA CRUZ.

The Merida journal contains news from Vera Cruz to the 1st June. The papers are mostly exclusively occupied with the discussion of the question of re-

suming money, the tobacco monopoly, and the manufac-

ture of cotton goods. The enormous deficit in the

finances, and the gradual diminution of the revenue,

coupled with the constantly increasing ex-

pense of the government, occurs in much anxiety

and alarm. Expedients are now the order of the day;

and this explains why the duty of 15 per cent. has not

been repealed, and in spite of the urgent and universal

remonstrances on the subject.

Some idea is entertained of re-establishing the or-

der of the Jenkins Mexico.

It appears that the Texian government has urged

the expedition of independence by Mexico with

a flood of threats and a threat of a war.

General Victoria concluded his tour to the south

of the country, and, on the 1st August, he issued a

decree of martial law.
