FOR GOVERNOR,

HENRY JOHNSON,

NEW-ORLEANS:

TUESDAY MORNING, OCTOBER 5, 1841.

[illegible] papers in the interior [illegible] a portion as impudently to assail the [illegible] Government.

Their conductors appear to imagine that by [illegible] the city press and especially that [illegible] possess a considerable country circulation, which will lend their own importance and [illegible] significance. For the most part we have [illegible] to think the well conducted country [illegible] of the city newspapers, and have generally [illegible] from responding to their invitation to [illegible] discussion. A reputation in the same style [illegible] Hamlet. He answered one fool according to his folly, [illegible] whether it would not be [illegible] to treat every one in our power. Such an [illegible] as the Bee [illegible] can do us no harm, [illegible] to [illegible] from so wise and [illegible] [illegible] has sometimes [illegible] [illegible] and abuse [illegible] the heavens.

A [illegible] and honest imbecile of our [illegible] is [illegible] to the [illegible] published at Opelousas, bearing the [illegible] title of the *Hebdomadal*.

We are especially regaled in that paper [illegible] [illegible] "chivalry," "finely," "impudence," [illegible] the [illegible] language of our [illegible] [illegible] [illegible] [illegible] that only reveals [illegible] [illegible] of intellect. This is strictly true, as a reference to the congressional record will show that nearly the whole locofoco vote in the House was cast in favor of the tax [illegible] [illegible] contemporary, however, proceeds to affirm that as a [illegible] [illegible], the vote in the Senate on [illegible] of the bill, and demonstrating that all the [illegible] [illegible], together with eighteen whigs, [illegible] [illegible] for it. This is argument with [illegible] [illegible] It is about as logical as if the writer [illegible] that Mr. Clay had not been of yellow fever, [illegible] that Mr. Polk never. We assert that [illegible] was supported by the locofocos in the *House*.—[illegible] [illegible] [illegible] [illegible] in charity and delicate [illegible] [illegible] [illegible] [illegible]
