GUILD'S PATENT COOKING STOVES CALLED THE QUEEN OF THE WEST.

The undersigned, agent for the sale of this article for the State is now introduced to the notice of the New Orleans public. He begs leave respectfully to solicit public attention thereto.

He refers to the subjoined flattering testimony, as to its economy, durability and general utility.

We, the subscribers, having used the above Guild's Patent Cooking Stove, called the Queen of the West, find it to be fully up to the most unqualified testimony in its favor. For neatness, convenience, economy and general usefulness, we think it surpasses any other cooking apparatus that we have seen in use. It warms to have supplied one great desideratum not heretofore attained—to wit, capacity, that at the same time heated and fully and equally cooks and bakes—and the fire being placed low thrown brings the heat same lately to the upper crust, so that it performs all the different offices of heating, baking, broiling and steaming completely at the same time, and with the least possible quantity of heat; and the different sizes manufactured seem capable of supplying the want of all, from the smallest family to the largest hotel and steamboats.

LIFE INSURANCE.

OCEAN INSURANCE AND TRUST COMPANY.—The absence of any institution in this city for insuring lives, and the advantages of such institutions in other parts of the country, have determined the Ocean Insurance and Trust Company to put into operation that feature in their charter, which authorizes insurance upon lives, on a scale of premiums which shall enable every one to secure to their family, who is authorized to insure upon lives, on a scale of premiums which shall enable every one to secure to their family an adequate annual income to meet all those wants dependent on them a comfortable provision in case of their death.

The scale determined on is, as nearly as possible, the average of those adopted by the London offices for insuring lives in England, in relation whereto nothing made for difference of climate, and by this scale an annual premium of twenty dollars paid by a person 28 years old will secure the payment of one thousand dollars to his assigns should he die within the year—an annual premium of one hundred dollars will secure five thousand dollars—and so on in proportion for a sum assured.

The Company will issue policies for any term from one to seven years and the premium can be paid quarterly, half yearly or yearly.

Any further information that may be required will be furnished on application to the office No. 48 Camp street, corner of Gravier street.

COUGH REMEDY. Pectoral Paste of Degoumois, Drug gist at Paris.—Of all the remedies now known for the cure of coughs, none has ever obtained so much celebrity as the Pectoral Paste, of vanilver. The many results obtained by the usage in the affections of the lungs and consumption, have rendered it invaluable.

The paste has the power of calming irritations of the lungs immediately, facilitates the expectoration, and stops the cough. In a word, among the best remedies in colds, catarrhs, &c., which yield immediately to its effects. Physicians of the best standing in Paris have tested its effects in many cases, and have recommended its use in all lung affections, such as worst of consumption in the last extremity now known.
