PLATINA CEMENT.

DR ACHILLE LION, Dentist, of the Faculty of Paris, after many researches, has discovered this valuable composition, which he applies with the utmost success in plugging decayed teeth, and preserving them for years. The composition of the Platina Cement, which is entirely mineral, is incorruptible; it is used cold, almost in a liquid state, is of wonderful adhesion, and consolidates by the chemical combination of the teeth when in its pasty. It will last for many years not only as a preservative of the tooth, but also to render articulation perfect.
