W.M. DEBUYS, State Treasurer.

ROB'T C. NICHOLAS, Sec'y of State New Orleans, 27th Dec. 1845.

Tuesday morning, March 3, 1846.

The Tariff. The ingering hope we cherished that the wise and teneficial policy which for the last three years, has scattered the seeds of prosperity broad cast throughtout the land, might not sustain vital quipy from the second of the turnous partizans of Free Trade, is also as the second of the turnous partizans of Free Trade, is also as the second of the turnous partizans of Free Trade, is also as the second of the turnous partizans of Free Trade, is also as the second of the turnous partizans of Free Trade, is also as the second of the turnous partizans. most completely dispelled by the recent intelligen-We now look upon our Turitt, with all its bounteous provisions, its salutary principle of protection, and its manifectif influences up in the in-dustry and commerce of the country, as doomed to dustry and commerce of the committy, as dominent or total overthrow. The proposed application in Great Britain, of the theory of Free Trade to a large number of articles which are the produce of American galor, seems to have dazzled our people, with the delinate motion of a commercial reciprosity, which shall nure to the benefit of both nations. It has shake the convictions of those who had hitherto reposed abiding faith in the soundness of the Protective policy, and has urged on to more prompt and decide action the horder of assailants who have been hove action the norm of assument of 1842, prepared to strike their talons in every portion of it that confers strength, stability and power upon our Home Indusinstigated by such motives, the dominant party are eagerly awaring the moment when they may be gin the work of destruction. The bill of which a symopus has already appeared, will, we opine, seem to them less radical and sweeping than is required Not separated with transcatting the tariff of '42 until 1 be directed of all proportion and symmetry, they was aim at its utter demolition, and will seek to substitute in all the brilliancy of its original conception transcendental hypothesis of a pure, unnuxed Reve

nue Tariff
So iet it be We are well content that this exper So let it be We are well content that this experiment of Free Trade, tried with such gentleness or gradation from 1832 to 1842, and yet profife in disaster and depression should be again repealed under thought auspices which reciprocal changes in the British Tariff may be supposed to develop. Let the practical the thirty be supposed dead and tell this. enforcement of the theory be so decided and full, the entiscentent of the theory of so declared and forming more may be reatter hang a doubt of its efficacy upon the presumed incompleteness of the experiment. No had-way measures of Reions, but Free Trade in a to two dering glory—no wretched and insufficient atment proffered to Home Industry—no refueranboon wrang from a churish task master and had of tered half withheld no attempt to create doubth attentes between Processon and Free Track between the eregeneous Tariff that is neither one nor the other trive us a Taraff based upon the assumption of Secre tary W.A. (LET reports stake off all duties that are no issential for Revenue—sufferno discrimination unless low that standard, and then let time again test discrete.

value of the principle

It may be that when the people discover they reap no benefit from a change in the British policy caused not by any regard for our interests, but by the clamors of those who languished and starved under in minerable puithen of taxation; that when we i it impossible to export grain from this country at trung profit, and compete with the products of the paper labor of teering Russia. Germany and Princip thank; that when the lapse of a few years under the giorious influences of Free Tradeshall teach us the we have purchased nothing on the one hand and have sacrificed, and broken down that meanmable. Home market which under a different policy had begun to afford a sate and stable outlet for an incalculable pol tion of our Agricultural industry - then experien with have accepted her usual empressive desson, and w and learn manewnat tardily the value of a syste t which the poject is to build up our own countr and to immediate recklessly the energies of her peop apen the altar of a delusive political fairti

Congress. The SENATE was not in session on the 21st ult and acted upon but nothing transpired of the slightest importance. On motion of Mr. Yancev of Ala., the Home adjourned to Tuesday, the 24th.

la the House of Representatives on the 21st, ult Brinkernors of Ohio submitted a resolution instruct BENNERGOF of One submittee a resolution instruction and the countries on Post Offices and Post Road, to enquire into the expediency of establishing a community multicoute by steamboat from Jackson-wate Fronda via St. Augustine, New Smyrns, Indian. River and Key West to Havana, and a similar maintoute from Key West via Charlotte's Harbor, Tsings Rev. Cade Key, St. Water River, and Shahoods. Bay, Ceder Keys, St. Mark's River and Shaluco o Parsacola; and whether it would be most expe

in the slightest degree, the authority or sanction of the French Government. Whatever feeling may live been excited by record political transactions, tannot but persuade myself that it will give your Exdelinent great pleasure promptly to exonerate from such unworthy accusations a distinguished citizen, who has occupied the most emisern stations, including that of Vice President of the United States as well as sham who has the honor to be their representative near Itis Majesty the King of the French. I await myself of this occasion to resew to your Excellency the assurance of my high consideration. RESIGNED.—Mr. John L. Lewis yesterday resigned the office of Clerk of the First District Court, which he has held for twenty years. His resignation was tendered owing to his having been elected Sheriff of the Parish of New Orleans at the late election. Judge Buchanan received the resignation, and culogised, in a very handsome manner, the and ungred, tronduct of Mr. Lewis. Mr. Prosper Le Blanc rest conduct of the Lewis. Mr. Prosper Le Blanc has been appointed to fill the vacant Clerkship.

ARRESTED.—Louis Schoolf and Frederick Fruths it were arrested yesterday, charged with assuming of attempting to rob E. Neuburg, in St. John street

Official Report. LOUISIANA LEGISLATURE—SENATE.

LOUISIANA LEGIBLATURE—SENATE.

Friday, 27th February, 1846.

Mr. Farmer introduced a resolution appointing a committee to inquire and report in what townships the 16th sections were reserved to examine the several sects of Congress on the subject of three donations, and to ascertain in what zames the 16th sections were covered by spanish claims. &c., &c.

The resolution was referred, upon a suggestion of Mr. Kringer that the Committee on Education.

A latter was read from Mr. E. J. Forstall, agent of those &c. upon the subject of bonds emitted in favor of the property banks. It was on motion of Mr. No nonas referred to the Finance Committee.

The act introduced by Mr. Farmer to abolish Potice Juries and to transfer their duties to Justices of the Peace was referred to a Special Committee, Mesers Farmer, Honter, Parlsam, Marks and Martin. Mr. Deaxer, pursuant to previous notice, introduced an act to continue the powers of the Commissioners of the Archafalaya Bank, which undermustation treading.

A successing was received from the House of Representatives informing the Senate of their concurrence on the resolution appointing a Joint Committee to suggest and report the best mode of dividing the State into Judical Datrices.

into Judeus Dutrius.

Mr. Dita, suggested that it would be proper to place a member of the Senate upon this committee, who was from the north-western portion of the State, and secondmended Mr. PORTE as an additional member. No one was more familiar than that gendleman with the wants and wishes of the people in that section of the State.

ber. No one was more lamitiar than that gendleman with she wants and washes of the people as that accident of the State.

The Pasaronary stated that the motion to increase the Committee at this stage of the resolution was not in order. The sheet could only be accomplished by introducing a disunet resolution and asking the concurrence of the House to it.

The concurrence of the Scate was requested to a Joint Resolution returning thanks 70 Mr. Win. De lays for the able and estimatory manner, in which he had managed the finances of the State as Treasurer.

Mr. Scanarron moved the concurrence of the Senare to this resolution. For my part, and Mr. Scranson, so highly do I regard integrity and fidelity in a public officer, that it sifords me pleasure not only in seeing such paid, but the officer publicly thanked for doing his duty. I move therefore that the rules be dispensed soft and that the resolution be taken up and adopted; which motion prevailed

Mr. Fetze Gasaria was excused from serving upon the Committee on Commerce, and Mr. Maussil. Warrey was appointed by ha straid.

Mesure Basarian and Pourta were added to the Committee on Internal Improvement.

Committee on Internal Improvement
Mr. Source's bill to create the office and define the
duties of Parish Notary was referred to the Judiciary
Committee.

The act introduced by Mr. Source providing for the
organization and government of the University of
agraphic properties of the Senate and with closed duties, and
agrap protracted accessors, they adjourned

The American Minister at Paris.

Lesation of the United States. A Paris. American States of Paris. January 4, 1846.

Sin :— I have the honor to call the attention of vider Excellency to the following paragraph from the Lord on Times, of the list instant :—

"Mr. Caliboun and Mr. King sailed in their official correspondence, with an assurance that has never been equalled, that they received from the King of the French a predge that France would offer no opposition to the work they had in hand. That statement was utterly take, for, athough France, take England, did not conceive that her interest it the province of State of Texas was sufficiently strong to justify hidelariation of war a spainet the approach to these principles which are the basis and the safequant of international relations."

Upon the decency of such lauguage, so applied, or of the taste which tolerates it, it is not my purpose to animadvert. This is not the first time that the veractly of my departches, and of those of the late distinguished Secretary of State of the United States, has been assuied in the same quarter in terms of gross outrage. I would continue to treat such calibration and the control of the time that the veractive some sanction from their republication in the found of the host of this morning; a none which if the morning a none which if

The act introduced by Mr. Sounz providing for the organization and government of the University of Louisiana was taken up. The several actions up to section four were adopted; the 4th section being under consideration.

Mr. Denayr suggested, that the provision in this section to reference to the Medical Department, consideration.

Mr. Denayr suggested, that the provision in this section to reference to the Medical Department, constitution, and the factor of the Constitution, which established the Medical College of Louisiana, as at present organized, as the Faculty of Medicine. He thought it would be made to adopt the language of the Constitution steel and therefore proposed to subtitute it as follows.

And the Medical College of Louisiana as at present organized shall constitute the Faculty of Medicine.

Mr. Sounz said he could not agree with the views cuffitted by the gentleman who had just addressed the Senate. It would be tuily deplorable if the Constitution on the part of the Legislature shall be called the tuily deplorable if the Constitution on the part of the Legislature in reference to the Faculty of Medicine institution at maximum, are assumed, precluded any action on the part of the Legislature in reference to the Faculty of Medicine institution in reference to the Faculty of Medicine institution in the faculty of Medicine institution in the faculty of Medicine institution in the faculty of Medicine institution of public affain has its share—is in the inner of progress. That it be Legislature should be remarkable forever be preduced from organizing that department in reference to the egants and provided the continuous of the part of progress. That it be Legislature should be remarkable for the provided from organizing that department in reference to the contain work of the part of progress. That it be Legislature should be remarkable for each of the Constitution in certain pages. The seed of the part of progress. That it is true, is not which is the best mode of organizing that haven be of the instit "M. Calisons and M. King and in their offising and the contempt the contempt of the contempt o

Tavall myelf of this occasion to renew to your Excellency the assurance of my high considerate the Santa country.

His Excellency M. Guizot.

Minister of Foreign Affairs.

Transmarroy Foreign Affairs.

The word first at the commencement of the first bear of the

comprisation, which seemed to be the object or the BEENVEN Sential.

Mr. Social urged the progenity of a reference, in one of the Mr. So the trept use formation order to obtain further information. The question was put upon recommitting the bill, and it was lost.

Mr. So the thought the stenate about d not preciping the formation of the treatment of the formation of the formation. Mr Nos 17 thought the Benaje plouds not precipitate their action upon the measure, and in order to afterd an opportunity of reflecting dpoin it further, be mored an adjournment. Mr Nextwo, and that he hoped the Hon. Senator from Now Orleans would withdraw he motion to adjourn, for a moment, in order to front human opportunity or giving notice that he should move for the reconsideration of the forth section of the Next for the organization after fourth section of the Next for the organization and government of the University of Louisians. Invoking again, he said that indulgence from the nature upon which he felt that the prespansed too often he would, in bref, indust the reasons that here led him to and for a reconstituent to the Priday when I viced for the passage of this ecclusion, manarked the Schnotz, I was not with informed as to the classification was recreated or monographical Heared led

racker of the ner gruder which the Merderal College of Louisiana was created or men, "waked. I feared lest there quick the something in this town section 5° 01; gimily obsered and before amended, in some unather conflicting with the zero organizated the institution of the Merderal College of Louisiana as consequented in more unather in the Constitution of the Constitution would have introduced or samounced quicking tending to reliant, restrict or prepadre the polygrom, expansion and givestest perfectability of Medical Svience.

After examining the subject cerebility I am now fully satisfied that the Constitution gives the Legislanus the power to provide for the inganization and governing, the University in all its Departments transferring those row hold in Professophips in the Medical Colonge of Louisians. To the holding or this gold the same charge in the Medical Colonge of Louisians in the Medical Colonge of the Information in the Medical Colonge of the same charge in the Medical Colonge of Louisians in the Medical Colonge of Louisians and provided the class of the University.

Playermy II could not have been intended by the Consitu-tion office than, whilst considing the feet interests of these now constituting the Medical College of Louisania, to promote encourage and secure the advance-onet of Medical learning. It is a thing in which the happinous of society, the general west of human-ity, the character and hards of the State, and the greatness and glory of New Orleans, are all concern-ers.

greatness and glory of New Orleans, are all concerner.

New Orleans is not only adapted to become a
mighty supportun of commerce—a great mart, where
ment from all quarters of the globel and of all tongues,
congregate to transact the great elegrent such attent
to the affairs of trade and traffic—but it is destined to
become the theatre of science and the aris, the academy of nations, the school of the whole earth—a city
where shall be cultivated every thing radiculated to
alors, or exalt, or improve man.

Not only as this city destined to become the Atherio
of the world, in general ecience, but it in peculiarity
adopted, from its position, to surpass all others in the
department of needledine. There, have advantages for
pursuing this branch no where the found. The effects
of constitution, climate, country, hanguage, inamers
over ear physical organization, and for the economy
of human tile, are here presented every day in the
ministudes constantly harrying in hier from all periorder of the state of the control of the control
