TO CAPTAINS OF VESSELS.—Masters of vessels will find a boat in readiness to tow their vessels up or down the Canal to sea or to the river, or from one side of the port to another, by applying at the First Municipality Boat on Ferry Wharf, opposite the Public Square.

This boat has been built expressly for towing and has sufficient power to move the largest class of ships. Steam will be constantly kept up so as to give immediate attention to orders. Terms most liberal.

TO MERCHANTS AND PLANTERS.

Merchants having machinery, sugar boilers' articles, lumber, or any other kind of freight to send on any of the plantations along the coast;—Also, planters wishing to have wood transported to their plantations. Those having furniture or any other articles to move, will please call at the First Municipality Steam Ferry, where they will always find a spare steamboat in readiness. The charges will be most reasonable. n26

Architecture, Civil Engineering and Surveying.

HAVING removed my office to Banks' Arcade, on Magazine street, in New Orleans, I respectfully state that I shall continue to render my professional services in every branch of Architecture, Civil Engineering and Surveying. Plans for private and public buildings of every kind and description in Doric, Ionic, and all the varieties of modern styles, will be made with a strict regard to solidity, comfort and beauty, accompanied with specifications and estimates, based on the local average prices of labor and materials.

To surveys and locations of greater internal improvements and public works, as railroads, canals, protective water works on rivers, as Levees, Piers, Docks, etc., a corresponding attention will be devoted. Having a sufficient number of able assistants at my disposal, I am now prepared to extend my business to a distance from New Orleans, if the object be important enough, and to procure contracts and hundreds or thousands of mechanics and laborers for the energetic execution of works of the largest magnitude. Surveys and plans of real estate, topographical maps, drain maps of any history, plans, specifications and estimates for country residences, dwelling-houses, store houses, cottages, etc. will not only be made at short notice, but I shall also have faithfully superintend the execution of any kind of buildings or other improvements. The great multitude of plans made by me, and which have long existed and are circulated during the last few years, are a guarantee that my terms are reasonable.

Letters may be addressed to me either in the English, French, Spanish or German language.
