Spanish) and the reply of the Mexican commander. Head-Quarters of the Abray of Occuration?

Monhery, Nov. 5, 1846.

Sir.—In the convention agreed upon on the 24th of September it was agreed that the American forces should not passe a supealeted line before the expiration of eight weeks, or until they should receive aciden or instructions from their Government. In conformity therewith I have the honor of appraising you that my Government has directed me to terminate the suspension of hostilities, and accordingly I consider myself at liberty to pass the designated line after the 13th institute of the control of the

villagers to assist in strengthening the fortifications

The Mexican prem appears animated by the utmost confidence, and its tone is still marked by enthusiasses and descriptionstom.

TORK, TRIS DAY, Dec. 3—9 P. M.

The company numbers forty-eight men in all, and are such a massered into the new regiment of Louisiana Thanters, bound to the seat of war.

bre San, who is presumed to enjoy opportunities for object of the appointment of General Sc He may: The city of Vera Cruz will be taken fire and then the Camic, by a successful bombardmen from land and sea. Between Vera Cruz and Sar Louis Potosi, probably before reaching the valley of the Lamarine, we must expect a pitched battle, fo which the Mexicans are assuredly preparing, but the result of which can hardly be doubtful. After the buttle we may look for peace; if a new revolution is Mexican to the control of the c Mexico do not again change the aspect of things, hasten an event which cannot be long retarded.

A Speech by Mr. Webster, The whiterof the Third Congressional District of Philadelphia assembled on the evening of the lat unst in Northern Liberties, to celebrate the recent triumph the Hon. DANIEL WEISTER and General JAMES WIL son were introduced by the committee appointed to avice them, and were received with the

Mr. Wibster having been toassed, responded as follows:

I assure you, my friends and fellow citizens, that it gives me great pleasure to meet an analy of the Wisg electors of the Third Congrassional District of Pennylvania. Fortune has east our tous far apart: meny inities inserven between your residence and mine—I have not had many opportunities of cultivating your lacquaintance: to snort of you. I am a stranger, as most of you are strangers to the Law what of that, Whigs of the Third District? We are all Americans—we have a common country—we share a common destiny, and whether for good or evil, we have a common bond—the hond of Whig sentiments, which makes me united as acquainted. If I did not believe thereperly of this country, I would renounce them myelf and invite you to rename them. I believe that Whig principles and the presperty and happened of the country and renounce them myelf and invite you to rename them. I believe that Whig principles and the presperty of commerce or whether we look to the success of the great laboring interest, I am of opinion their the principles of Washington, transmitted by his successors, and enhanced by us, are site only excess of the great laboring interest, I am of opinion then the principles of Washington, transmitted by Washington's administration. The first law passed by Washington's administration of our covernment—to the early days of the republic. The war of the revisions he has back to the foundation of our government—to the early days of the republic. The war of the revisions he has back to the foundation of our covernment—to the early days of the republic. The war of the revisions he has been to the foundation of our seven early the administration. It shows the great necessity of a common continue on the impast of of the Constitution, which in the language of the Constitution and adopted makes as one people. A general system was adopted make as one people.

The Board of Regents of the Sasithsonian Institution met again penteristy, personant to adjournment.
Besides the members heretofore mentioned, Mr.
Choark was present.
After some preliminary business involving no preadvantage of the Sasithsonian involving no predefined of the secondary of the sasithsonian involving no predefined of the secondary of the sasithsonian involving no prether was dehand at considerable length, and family
pastpaned until to-day.
The resolutions reported on the preceding day by
Mf. Owgar, from the Committee on Organization,
prere, at the request of Mr. CHOATE who wished to
examine them and the report with which they were
Mr. Buzzar offered a regulation prosphiling to fix the
haut of one o'clock this day for the election of a Sesequely, which, after-off for remarks by Mr. Owgajustic, on mention of Mr. Buzzar, and apon the table.
The Beand shen adjourned to meet at 12 o'clock
this day.
