TEN THOUSAND CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.

Splitting Blood.

New York, April 28, 1847.

Dr. Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has been a wonderful change wrought in me. I am now able to walk all over the city. I have no hesitancy in recommending it to you. You can well imagine that I am thankful for these results.

Your obedient servant,
WM. RUSSELL, 55 Catharine st.

Rheumatism.

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly exhibited to us by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter.

Dr. Townsend—Dear Sir: I have suffered severely for nine years with the Rheumatism; considerable of the time I was unable to get out, sleep or walk. I had entirely given up all hopes of ever being entirely well again. I have used four bottles of your Sarsaparilla, and have done me more than one thousand dollars worth of good. I feel myself a better man—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours respectfully, JAMES CUMMINGS.

FEVER AND AGUE.

Dr. Townsend's Sarsaparilla is unequalled in cases of the Chills and Fever and Ague. The following letter is only one of the hundreds that we have received from the South and West of like character.

Quincy, Morgan County, Oct. 29, 1847.

Dr. Townsend—Dear Sir: I purchased one or two bottles of Sarsaparilla of your agent, Mr. Mc Kee of Kahoonzon, to try it for the Fever and Ague. Before I had taken the first bottle I found relief. It warm the blood, and every other day, when the chills and fever appeared, they were less violent, and before I had finished the bottle they were entirely relieved, and she was much better than she had been for a long time. A lady that had been very sick with chills and fever, but had a trace them with quinine, and was left in a very weak and distressed condition, and troubled exceedingly with the ague cake, seeing the effect that it had on my wife, she sent and procured a few bottles and it restored her in a few weeks to complete health. Your Sarsaparilla is, without doubt, unequalled in diseases incident to the West, and if you think that the communication will be of use, you are at liberty to use it as you choose. Yours, respectfully,

CHARLES H SWAIN.

CANKER IN THE MOUTH

Below is a certificate of another child cured. Dr. Townsend's Sarsaparilla has saved the lives of thousands of children. The following certificate is selected from a great number received this week

New York, April 1847.

Dr. Townsend—Dear Sir: One of my children was very low with a canker in the mouth and throat, attended with great debility. Her mouth was all one sore, and she was dying. I obtained some of your excellent medicine, and commenced giving it to her. I assure you I feel very grateful. Yours, respectfully,

ELIZABETH FOWLER, 7 Desbrosses st.

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for nervousness, Consumption, Barrenness, Leucorrhœa, or Whites, obstructions of the menses, Hysteria, Incontinence of Urine, or involuntary discharges of the same, and any general prostration of the system—no matter what the original cause or cause, producing hereditarily, irregularity, &c. once be removed, and health and vigor surprising than its invigorating effects on the human frame. Persons, all weaknesses and lassitude, from taking it, once become convinced of a chasm in the energy under its influence. It immediately counteracts the tendency to nervousness of the female frame, which is the great cause of hysteria, &c. It will not be expected of us, in cases of an delicate a nature, to publish the names of cases of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Several cases where families have
