norm training. As a maid, she claims chivalwite, boundless love, it gid tidenty, undevising k numbers as a mother, our deepest veneration, our debestating obelience. But we will not accord to her the thousandth fraction of the the condition of manhood. These she has no thing to do with, and the attempt to arrogate them would selly and ultimately annihilate all that is lovely and pure in heras woman.

Arrival of the Steamship Ohio. Hereigh, with a large number of passengers, and the Par last evening, at half-past the clack. She will thereto e reach her whart at stress 7 o'c'ock this morning,

IMPORTANT TO THE PUBLIC. The relate new in circulation a certain number to test of the Louisiana State Bank and of the Caral Bank, be hops even of other Banks, ward, although not counterlests, have not the the to I value which they bear on their face.— By means of a fraud of which a portion of the prince individuals to make five notes out of hore by curving a privious of one of them and a long it to another from which a larger por-tion has already been submacted. By continuthese are shortened of course but still there is mater a enough to make, as we had already send, as good looking noise which appear gen ane to air mients and purposes and which bea all the ordinary coulderns, fame, numbers, names all the ordinary coulderns, fame, numbers, names &c. The irand can be discovered by obtaining Ac. The fraud can be discovered by obtaining the engined the notes, the troutled one being shorter by about one-englith, and moreover by the numbers which are not the same on both extremites of the note. As the Banks this defrauled cannot be the lowers, they pay the are note of the notes, after deducing a discount can creted on the increased number of the are sameted online.

and a sloop came into collision opposite the foot of Courtland street. New York, on Saturday muraing, and both vessels received considera-ble injury. A colored cook on board the Em-pire was so much injured that his recovery is

OFFICIAL PAPER OF THE STATE

EUROPE The full news by the Pacific, and telegraphic abstracts of the accounts by the Canada have ben received. The Pacific reached New Yellor the afternoon of the 17th alt., Laving left Liverpool on the 16th October.

Times of the 14th instant, from which we make the following extracts:

The charry granted by the State of Nioaragua provides that the canal is to be completed to 12 years. The company are to have the exclusive enjoyment of it for 85 years after the date of completion, and to receive 15 per centions of the next profile for the further period of 10 or 20 years. Meanwhite they are to have a monopoly of the temporary route. They are also to have the exclusive privilege of atesm manigation, and of road making throughout the cutter State for 97 years, together with a free grant of eight sections of six miles source, to be chosen by the macives on the brake of the canaline return for their privileges, the State of Nicaragua is to receive nothing, with the exception of some ninear payments, until The roceive one-fifth during the first twenty years, and one-finite during the first twenty years, and one-finite the received of 2000 a year until the completion of the canaling and donastion of 200,000 of its stock.

The two governments of Great Britain and the United States have bound themselves to the enterprise by a treaty of protection. All the other powers will accord to it the same advantage. The territory around it will consistute the first neutral ground, whence by the pledged faith of all civil zed nations, strife must be forever banished. It is the grandase physical work the world can witness. The pear has seen noting like it, and any similar faint minus be equally denied to the future, the pledged faith of all civil zed nations, strife must be forever banished. It is the grandase physical work the world can witness. The pear has seen noting like it, and any similar fainte minus be equally denied to the future and the place of the surface, the answer would be in the siftemative; and looking at it as the persuance of the surface, the answer would be in the place of a manua in which it is denounced as treasmonable to question the spending of £300.

ppears they intered to settle.

The Portie has just published a decree per-nuting all foreigners in their service to resign, to matter what their creed. This measure of-

late'y, was exhibited a piece of gold in its raw state, weighing nearly 27 lbs, for which the owner had been bid £750. It was obtained by post and Quebec

heult affair.

Its Et. — Letters from Rome of the 4th announce the arrival there of Monaeur Morangiu, archibishop of Cagliari, exiled by the Piedmontere government. Monsignor Franzoni is also expected there.
