BATTE OF ADVERTISES.

the new-Orleans Daily Bee. fficial Journal of State ent Conneil, First Maste and Board of Liquidators

We have not a very emilied opinion of the patriotism or valor of the Creoke of Caba. It is true that by the arbitrary and ruthless despo-

Why has not Cuba done the same? Why

The Minister of the Common of Common of Common of the Common of Common of Common of Common of Common of Common of the Common of Common of Common of Common of Common of Common of the Common of Comm

The Telegraphic despatcher in the Baltimore papers are agreewhat feller than those received here.

Emalaro.—Parliament has adjourned till effect the Easter Holiday's and will meet again on the 25th. The Queen will open the great exhibition is Batte, and the public will be excluded during the ceremony.

Bothing of interest covered in Parliament will be excluded during the ceremony.

Bothing of interest covered in Parliament will be excluded the covered a resolution of which he had previous to adjournment. Upon the motion has going into committee on the assend taxes, Mr. Diseased sovered a resolution of which he had previous given notice that in any relief granted by a djeastment of inaxion, that due regard should be had to the depressed condition of the agricultural interest. He commended Given the agricultural interest, the commended Given the agricultural interest, by refusing to relieve the discress they acknowledged to exert disappointing the hopes the farmers had entertially discount of the series of the series of the window tax, but would oppose to the utimes the imposition of any-impose tax upon farmers. The speech was minimed with loud cheers from the Protections of the homes tax upon farmers. The speech was minimed with loud cheers from the Protection of the homes tax would be greater than the relief offered the agricultural classes by the sense of the country by these motions which when he would agree that the motion of the homes tax would be greater than the sense of the country by these motions which when brought forward disclaimed any intention of changing the Free-trade policy—Upon a driving the furnity of the dissensions produced in the country by these motions which when brought forward disclaimed any intention of changing the Free-trade policy—Upon a driving the furnity of the dissensions are only of the motion as soon as she was fit to receive them. The income tax bill will pass its second reading when the parliament re-assemble on the 28th.

[It strikes us that all this la but a repetition of

MARKETS.

BROWN AND SHIPLEY'S CIRCULAR.

LIVERPOOL, April 17.

The business in Cotton for the week ends to-day reports a beavy cotton market with decline of 1 depth of the street with decline of 1 depth of the street and 1 desince the function of the street and 1 desince the commence of the 8th inst. The market is in deptensed state and price considered quotinal as it is introsophible for the street and the

bud. Hence the inilitary display, hence the fornification of weak points, hence the regiments that have been thrown into Cardenas, and other disaffected piaces, hence the arrests, the said executions, and hence the rigorous north it have and deventions, and hence the rigorous horiti disample. All this may succeed for a time, but Cuba is eventually bound to be free. Her own sous with be shained into exaction. They will not force the rigorous may be shained into exaction. They will not force the rigorous in seventually bound to be free. Her own sous will be shained into exaction. They will not force the rigorous may be shained into exaction. They will not force the rigorous may be shained into exaction. They will not force the rigorous may be continued to be taken on shore from her. The parties arrested have all given had for their appearance.

MAIL ROBERTA AT PHILADELPHIA.—A young clerk at the Philadelphia post office, Charles M.

back fields, in this neighborhood, which were more or less inund and by the Crownase which last associate from Virginia, and had head and 18 fields and paraphed Rewritter by D free days and two mights. The Whig may not reverse and two mights. The Whig may be and the meaning of the planters on B year Fordeche, we undestand, have a marketise on an item from the planters on B year for the introduced some new authorities on the quantity, amounting in all to one builded have then under wa have a more from the latter with great from the latter with the contents in the planter of the from the latter with great from the latter with the contents in the latter with the

O-MAGNETICALOCONOTIVE
Onaths 29th sti., Professo? Paus-made and trial ar Washington, of his Blestre-Magnetic Locomoire. The Bepublic says:
The progress of the locomoire, when it masted, was so slow that offlow was enabled to keep page with it for several hundred feet. But the speed was soon increased, and Bludensburg, a diseased was soon forerared, and Bludensburg, a

ed, was so slow that shop was enabled to keep pure with it for everal hundred feet. But the speed was soon increased, and Bludensburg, a distance of, we believe, shapt five miles and a quarter, who reached in thirty-nice missets. When withidlews miles of this place, the power of the battery being fully up, the following the battery being fully up to be the battery be open, which caused the acids to intermix; and, are consequence, the propelling power was partially weakened. Two of the other cells subsequently met with a similar disaster.

The Professor proceeded entitionally, fearing obstructions on the way, such as the coming of cars in the opposite direction and cattle on the road. Seven haits were unade, occupying in all forty minutes. Bet, notwithstanding these hindrances and delays, the trip the and from Bindensburg was accompile ad in one minute less than two hours.

Bindensburg was accomplis and in one minute less than two hours. The colls were made of light certhenware, The colls were made of light certhenware, for the perpose of the experiment merely, without reference to devaluity. This part of the operator can therefore be causifully guarded against mislap.

The great point cetablished was, that a locomotive on the principle of Prolessor Pass can be made to travel ninciscen miles an hour.

Telegraphate Etemas.

IMPORTANT FROM CANADA.

MONTREAL, April 29th.

Despatches from Earl Grey to the Governor General have been published, according to

Intelligence brought by the Asia |

An insurrection had broken out, headed by the Duke of Sardinia in Vincimpia. The intelligence brought by the Buke of Sardinia in Vincimpia. The intelligence were five thousand strong. The king had taken command of the Loyal Troops.

INDIA.—The overland mail hadarrived. The political news is unimportant. Business at Bembay was steady, but inactive. At Canton, iteight £1 10s. A decline was expected.

CAPE of Good Hore.—Late accounts state that the British forces had obtained a decisive victory over the Caffres at Captown. There was no prospect however of a speedy terminanation of the war.

Boston, April 29.

COLUSION AT Ska,—The ship John Q Adams arrived at this port this morning from Calculate and report that on the 24th March, at the 24th March, as the rate of bloout nine knots an hoar, she came in collisions with the British berque Hindoo, Captain Ellis, from New Castle spon-Tyne for aden, with each. The Hindoo such in about 10 minutes after the collision, the captain and crew succeeding in gatting on board the John Q. Adams, saving nothing but the clothes they victory over the Caffres at Captown. There was no prospect however of a speedy terminanation of the war.

Boston, April 29.

town (Va.) Spirit of Jefferson says that there is every reason to believe that a Silver Mine

rangements have been made for at once mining.

The Stat Giving up the Strandura.—The Pignouth Memorial says:

"During the gale of het week, a quantity of linger of it came shore in the breakers at Manionent Ponda. The oil was in forty gallon coake, 14 of which were rolled upon the shore in safety, but several casks were hurst, by being dashed against the rocks. The casks that were saved contained about 30 gallons of oil sach, which proved the being good condition. The condition of the casks was such as to render it certain that they had been in he water a great while, perhaps many years. The outer surface of the casks was connderably decaved, and there were four ridges of iron rost on each, which were the ouly remnants of what were

Rotterdam, which was capeized and sunk in Massechasetts Bay, about ten years since.— The breaking up of the vessel, which was hastened by the gale, probably duergaged the casks from the hold, and being lighter than
