It is to be provided in the contract, and to be distinctly expressed, that the amount and number of articles enumerated under the head of "Miscellaneous," are specified as the probable quantity which may be required, and to fix data for determining the lowest bid, has the contractor is to furnish such quantities and at such times as the Bureau or Commandant may require during the fiscal year ending 30th June, 1852, and whether the quantities required be more or less than those specified, the prices shall remain the same.

All the articles must be of the best quality delivered in good order, and subject to such inspection at the Yard of delivery as the Bureau may direct, and be in all respect satisfactory to the Commandant thereof. For particular description of materials, and samples, bidders will apply to the Commandant of the Yard of delivery.

The deliveries of all building materials, may be commenced forth with and must be commenced within sixty after the date of the Contract, and be continued from time to time, as, in the opinion of the Commandant of the Yard, the wants of the service may require, and must be completed within the fiscal year ending 30th June, 1852.

All building materials to be measured by the rules adopted by the Government, instructions regarding which can be had on application to the Commandant of the Yard.

On classes headed "Miscellaneous," to be delivered as required during the fiscal year, the 20 per centum may be retained any, at the discretion of the Commandant, be paid quarterly on the 1st of October, January, April and July, when the deliveries have been satisfactory, the balance (80 per cent) to be paid by the Navy Agent, at the place of delivery, within thirty days after the presentation of bills in triplicate, duly vouched and approved. No part of the per centage reserved is to be paid, until all rejected articles offered under the Contract, sh
