Mayoralty of New Orleans.

Council of Municipality No. One. }
Office of Secretary, 27th May, 1851. }

WHEREAS the Council of Municipality No One in adopting the resolution of the 7th January, 1850, relative to the revenues to be paid by the farmer of the Vegetable Market, for the privilege of the vegetable or game, on the Levee in Perouges, or other ports, has committed to fix the amount of said revenues; and whereas in the prosecution of the rights acquired by said farmer, and for the better understanding of the said resolutions, it now becomes necessary to fix and define the limits within which said revenues as well as the limits in which said farmer is to exercise the right to collect said revenues.

Be it therefore Ordained that the aforesaid resolution of Council No. One, be amended so as to authorize the farmer of the Vegetable Market to demand and receive the sum of one dollar ($1 00), from all persons selling or causing to be sold, in Perouges or in every description of vessel or craft, any or all the articles enumerated in the 10 h section of the 1st article of said resolution, regulating the police of the Vegetable Market. Provided, however, that the present resolution shall not be so construed as to include persons selling or causing to be sold, in vessels as "cabotenre," from the mouth of the Mississippi to the limits of the Port of New Orleans, during the usual hours of market, any articles of provisions or produce, whether simple or compound, after many trials, have hitherto proved signal failures. An idea may be formed thereof by the perusal of the annexed Compound. It is extensively used in the upper classes of the community, in almost every country in the world, and is justly entitled to the preference to other articles of the kind. It imparts vigor to the roots of the hair, and thus promotes its growth in a remarkable degree. It destroys the dandruff, and scurf, or [illegible] of the scalp, such as scald head, dew worm, and other obstinate disorders of the skin. As cheapness as well as efficacy, it stands unrivalled. It is sold in large bottles, price 25 cents, at No. 137, Broadway, and at the Druggists generally throughout the United States and Canadas.

For Consumption, Scrofulous Affections, Rheumatism, Gout, &c.

DR. CHRISTIAN, a gentleman of Paris, M. D., states that having preserved notes of 204 cases of consumption which he had treated with Cod Liver Oil, 58 of them were cured, and in an unequivocal improvement varying in degree from the mitigation of distressing symptoms to an apparent cure, in the remainder. In addition to these, there are facts that prove, from properly prepared Cod Liver Oil is more beneficial than any remedy that has yet been employed in the cure of this fatal disease, and a fine of from twenty-five dollars to fifty dollars is hereby imposed for the violation of said section upon each person so offending, and in case such offender shall be a slave the owner or owners shall be liable in his stead for said violation.

Mayoralty of New Orleans.

Council of Municipality No. One. }
Office of Secretary, 27th May, 1851. }

WHEREAS the Council of Municipality No One in adopting the resolution of the 7th January, 1850, relative to the revenues to be paid by the farmer of the Vegetable Market, for the privilege of the vegetable or game, on the Levee in Perouges, or other ports, has committed to fix the amount of said revenues; and whereas in the prosecution of the rights acquired by said farmer, and for the better understanding of the said resolutions, it now becomes necessary to fix and define the limits within which said revenues as well as the limits in which said farmer is to exercise the right to collect said revenues.

Be it therefore Ordained that the aforesaid resolution of Council No. One, be amended so as to authorize the farmer of the Vegetable Market to demand and receive the sum of one dollar ($1 00), from all persons selling or causing to be sold, in Perouges or in every description of vessel or craft, any or all the articles enumerated in the 10 h section of the 1st article of said resolution, regulating the police of the Vegetable Market. Provided, however, that the present resolution shall not be so construed as to include persons selling or causing to be sold, in vessels as "cabotenre," from the mouth of the Mississippi to the limits of the Port of New Orleans during the usual hours of market, any articles of provisions or produce, whether simple or compound, after many trials, have hitherto proved signal failures. An idea may be formed thereof by the perusal of the annexed Compound. It is extensively used in the upper classes of the community, in almost every country in the world, and is justly entitled to the preference to other articles of the kind. It imparts vigor to the roots of the hair, and thus promotes its growth in a remarkable degree. It destroys the dandruff, and scurf, or [illegible] of the scalp, such as scald head, dew worm, and other obstinate disorders of the skin. As cheapness as well as efficacy, it stands unrivalled. It is sold in large bottles, price 25 cents, at No. 137, Broadway, and at the Druggists generally throughout the United States and Canadas.
