The New-Orleans Bee.

SUPPLEMENT TO THIS DAY'S EDITION: OCTOBER 22, 1851.

MEDICAL.

BULL'S SARSAPARILLA.

To put up in full quart bottles, and contains the strength of SIX TIMES as much pure Honduras Sarsaparilla as any similar preparation made in America.

Prices $1 per bottle, or six bottles for $5.

IT HAS been a well established fact for years past that Sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from an impure state of the blood, the use of which, in connection with proper medicines, and a total abstinence from mercury, quackery, and all other poisonous and pernicious preparations, would in the majority of cases, be sufficient to restore the patient to perfect health; and, perhaps a happy long life instead of, as is too often the case, a miserable existence, terminated by disease, or made miserable by continued suffering and affliction. At that critical period termed the "Turn of Life," which is often dreadful with so much danger, Bull's Sarsaparilla has been found a most beneficial effect. All ladies approaching this crisis should be apprised of this fact, and avail themselves of this valuable medicine.

A BEAUTIFUL CLEAR SKIN.

How we all admire a clear, beautiful white skin and a rosy colored cheek. How often do we see persons not possessing the "desideratum so devoutly to be wished," resorting to cosmetics, lotions, washes, paints, and enduring many other miseries to obtain a substance of that which disease has deprived them of, and that, too, often times, with manifest injury to the skin. The fact is, Bull's Sarsaparilla is the best known. It makes the skin clear as alabaster, soft and purely transparent, not by coating the surface with poisonous or deleterious matter, which serve to close the pores and check a perspiration, but by removing every particle of bilious, morbid, diseased matter from the blood, making the same pure, healthy and vigorous giving activity to every minute vessel, and changing the yellow, dark and sallow countenance to the bloom and freshness of youth. If the above gentlemen, who have opposed and convinced of this fact, they would abandon the use of all paints, mixtures and lotions, and use the only effectual remedy. A word to the wise is sufficient' and a thief is caught by the ears.

BETTER TESTIMONY.

That was ever offered Notwithstanding!

From Dr. James Mayflower:

MR. JOHN BULL—I have no hesitation in saying that I believe your Sarsapa rilla to be the best article ever administered for the cure of Scrofula, Syphilis and many other cutaneous and Glandular Affections, having used it with entire success in a number of the above cases. JAS. M. MOORE.

Louisville, Ky., Feb. 8th, 1851.

Moore testimony from Dr. Moore:

MR. JOHN BULL—I am using your Sarsaparilla in several new cases of Scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease

JAS. M. MOORE, M. D.

Yours,

Winchester, Ky., February 1, 1849.

Testimony like the following renders superfluous all further comments upon the efficacy of Bull's Sarsaparilla:

From Dr. L. P. Yandell, Professor of Chemistry & the Louisville Medical College.

"I have examined carefully the list of ingredients composing of John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in Chronic diseases, to which it is applicable.

L. P. YANDELL, M. D.

Louisville, June 6, 1845.

What Dr. Pyles, Physician, by appointment, to the Louisville Marine Hospital, says of Bull's Sarsaparilla:

LOUISVILLE, March 20, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and believe the combination to be an excellent one, and well calculated to produce an alterative impression on the System. I have used it both in public and private practice, and think it the best preparation of Sarsaparilla I am acquainted with.

H. PYLES, M. D.,

Resident Physician, Louisville Marine Hospital.

[From the People's Journal, Quincy, Ill.]

BULL'S SARSAPARILLA.—We have usually one bottle of this Sarsaparilla for general debility and lumbago, and believe we have experienced entire relief. We used in time gone by two bottles of S. P. Townsend's Sarsaparilla, for which we paid $2 50, and believe we received injury instead of benefit for its use.

This medicine is daily grappling with disease, through the Western country, restoring the sinking health and youthful vigor, to the sick and afflicted—many, those that are grievously tormented. Certificates are teeming from all directions, from men of truth and high moral standing, placing it, from its intrinsic worth, the very best of all remedies before the public.

Sold wholesale and retail by JOHN BULL, at his principal office, 81 Fourth street, Louisville, Ky., and by the Druggists generally in the city and country.
