EF The Washington Union republishes, as an index of Southern sentiment, an article from the Ber on the proposition to blockade the Lead of Cabe, in default of satisfaction for the grievances infloted on American semmerce and rights. This is unobjectionable; but if the Union be really desirous of ascertaining Southern sentiment, why does it not reproduce the almost unminous views of the Southern pressure on Mr. SLIDELL's heautiful scheme for letting loose fillbusteriess on the In'and.
