At Individual, and the shoener Pacific west through one of the warred with little logary however to herseld. At Individual, and the shoener Pacific west through one of the warred with little logary however to herseld. At Individual, and Individual through the waters and France a prohibitory Negor law. Raymonn is a clever man, a spicy writer, anti-Nebraska to the core. plated the excitation of alavery from the territo-ries, approves the vote of the New York Seas-tors against the repeal of the Missouri Compro-mier; regards the Nebraska bill as absolving

NEW BOOKs.—Our thanks are due the pub lichers, through J. B. STEEL, No. 60 Campt st., for the following New Works:

The Nekool for Politics, a dramatic novel, by Browns

except a few standing near the chore. Duch cras wharf and warehomes are entirely gone, and a vesting of them is to be seen.

Th schoucers Alties and Hecken, which had arrived on Senday from Mobile, and were lying at another opposite Deckar's, drugged into the rest, wore capitated and totally less with both entire crews. Schoucer Mustang jest arrived one New York, dragged her anothers, and userly except due faite of the others; also lest into the maste whom probably saved her. The United States examer Fashion bowed her up under Stad Point on Senday, 28th, where she will disolating be to Sanday. Sttb., where she will disolating be to Sanday. Sttb., where she will disolating be transport. The W. S. Fairy, belonging to the light house department, was been the and is a total loss—crew ared. Schr. Emma de Russy, owned in Penasonis, is supposed to have difficted to see, but as she was a cod vessel, strong hopes are extertained for her selfery, income.

but the light is still abown as usual. The wharf and buildings at Ponder Horn, were not in pired in the least; nothing on the wharf was lest, not seen a piece of timber stirred from it; which is truly remarkable, considering that death and devastation raised in the sughburton. The Lavacon "Mad Machine," used for the purpose of torsing to make a obsenci, for a year past, hes sean, and 'a probably a total loss. The gale visited Maragorda with almost incomparable ferry, destroying nearly all the buildings in the piece, those of Col. Williams', Mrs. Sarwell and one or two annil loses being all that escaped prostration or unroding. The stocks of goods of the merchants have been stocks of goods of the merchants have been stocks of goods of the merchants have been stocks of goods of the merchants and properties of the stocks of goods of the merchants only yearly sarviefs, but goods naturally dears only yearly sarviefs, but goods naturally dears only yearly wrocked sear the town, Crpt. Ward, his brother and aims of the orew perished, three tody of the crew ascaped by clinging to one of the wheels and were taken off on the 22d. Schooser Tom Pairs, C.s.t. F. TEXAL.

The steamship Lossisions, arrived yesterday with later advices from Texas.

The Late Grabs—Furcher Particulars.

Through the politoness of the Parser of the Louisions, we have been farnished with the coast of Texas.

The boast of Texas was visited by a most disasters gale during the past week, commencing on Sanday, 18th, lasting satill Thereday sight, will size. It would be almost a saster of impossibility to imagine a greater destruction of Size and property. In the Lavance and Matagorda Bays, there was much suffering and loss. Al Lavance not smuch disassage was seniated.

The schoeser Pacific west through one of the Warrest with little industry however to harvail.

The Bessians remain quiet in Helningfors and Occasion. The Alema Bulera.

The Mensieur constant the following letter from Darmetadt, of August 20:—The capture of the Alema Bulera, which was a support of the Alema Lies by the allied powers has produced on the public mind in these quarters a precisual impression. The repetity with which is the grante fertifications, as renowned throughout all Germany, have tumbled to pieses under a the shock of the annullants' belies, appears less: picquiet. This result created usofs a mentioner of surprises amongst the few partienns still to be found of the Banatan policy, that for neveral results allied arms were sencessful.

A letter from Odeses of the Std, in the Cologue Gustett, states that several vessels of the allied fleets had appeared in sight of the port on the Stdt. The garries conclusion—However, the vessels widdrew, and efficial jatacted were insomediately possed up, announcing that the venues place withdrawn because it was continued of the experiently of the Bassian force.

that the enemy had withdrawn because it was convinced of the superiority of the Bassian force.

From Trieste we have the intelligence that Admiral Stopford has gone to the English equations, the Black See, and that Col. Williams, the British Commissioner to the Kare army, was on heard the stams rigate Highflyr, declined for Varna.
