Three buildings belonging to Mr. Gareache's powder establishment, at Wilmingtos, Delt, were blown up on the 10th, Instanty killing two of the workmen, and fatally injuring two others. The explosion was terrific, and the shock was very severe and was felt many miles around. The immediate occasion of the disaster is nakown.

Another and later account is that one man, named John Kane, was killed and three others injured—two to severely as to be not expected to recover.

The Recent Embessionent of \$23,000 at the Pacific Bank — Departure of the Book-keeper for California.

Soveral days ago we published in the Dailty Thirs the particulars of a deficiency in one of the Pacific Bank book-keeper's accounts to the amount of \$45,000, or thereabouts. Since then the affect has become more public, and the absconding individual proves to be a young man named John B. Urmy, who has been employed in the said Bank for the last fev years. An investigation was immediately commessed by the Bank officers, to ascertain the exact amount of money missing, and while this was progressing, the defaulter made arrangements tog abroad, and is supposed to have sailed for San Francisco last Monday, on board of the steamer George Law, with some \$18,000 of the fands in his possession. During the past two years, always surrounded with numbers of friends who uscally enjoyed themselves at his expense—or rather at the expense of the Bank—and procisimed him to be a capital good fellow. He was the owner of a new and elegant yaght, was the owner of a new and elegant yaght.
