four, April 28.—The Boyds Was

NEWS BY THE ARAGO AND ABABIA.

Week, brings Monaragua letters and papers of the 14th unitable.

The eccutain a full account of the attack which result of water on the city of Bivas, which result of the explore of that plane.

The fighting was severe on both sides. The Costa Reads defended the place with much travery. Litting thirty of the assasiants, but were finally driven out with the less of sit hundred men.

Wheeler, the American Minister, has addressed a letter to Mora, the President of Costa Rua, relative to his commanding American enterous to be shot, and pretesting against his ordering Americans to be expelled from the country.

TREXAS.

By the atbanchip Mexice, Lawissa, we have received Texas papers to the 20th Ajent. They contain very Hills intelligence, his content of the previous of the papers were abled to the standard of the first and irrature were consumad by Srate in ranging, was temporarily absent, his house and irrature were consumed by Srate in relative to half burned to death, and hus aged mether so badly injered that her recovery is destroyed and irrature were consumand by Srate in relative to the baddy injered that her recovery is destroyed. The provisions of the new measure by which the Chancellar of the Exchequez contents and plantation on Caser, a few days since it seems that Howard caught the negroes in the act of stealing horses and fired upon them. But up beth.

We learn that two negroes, the property of the steady of the s

SPAIN. The placed under better regulation.

SPAIN.—Disturbances had occurred in Valence respecting the concernition, and the city and province, to consequence, had been placed under martial leave.

BELGHUM.—The Breadstuff markets generally were declining.

ITALY.—The Sardmian and Picdmontese Corn markets generally were fower.

AUSTRIA.—Grand council of Bishops will assemble in a few days to discuss the Concreta. The council perspective the council series will be in the council represents twenty wine millions of Catholics—Latin, Greck, and Armennan. The priscippal object of the council reserved in the restore the cherical marriage Courts according to the Catnot law, and to reorganize the whole body of the ciercy upon conductations of the Catnot law, and to reorganize the whole body of the ciercy upon conductations of the Catnot law, and to reorganize the whole body of the benery upon conductations and the catnot law and the restored proposes the processes the processes the processes the marriage forms and processes the processes the marriage forms and processes the marriage forms and processes the processes the marriage forms and the catnot law and the restored processes the processes the marriage forms and the catnot are the forms and the catnot are th

pennic it is not popular with the mecro-priesthood.

RUSSIA.—The Naval Armistice was offi-cully published at St. Perersburg April 7th.

After radification, all ships serged will be re-tree. The energies of the Bagalan government are now davoted to three objects, viz.—let.

Affiance with France. 2d. Completion of the great railways. 3d. The manufacture of Russian Bosings on the Continent, espe-ciesly in Germany.
