COMMERCIAL.

FRIDAY MORNING, Sept. 25, 1857.

Our splendid market has held undiminished sway during the past week, and a large business has been done in Cotton, with a further advance in the rates. In Tobacco but little has been done. Prime Sugars continue to fair tending to ordinary grades are very dull. Molasses also is extremely dull. Rice is unchanged, with a fair demand and moderate receipts. In Wheat the transactions have been limited, and in Corn we notice but little change. Provisions have ruled quiet, without material alteration in the rates. Freights are steady, but Exchange has been unsettled and drooping.

We yesterday morning published the Cotton sales, embracing liverpool dates to the 12th inst.—They reported a buoyant Cotton market, with an advance in prices of ¼d for Americans, and ⅛@⅛d. for other descriptions, and sales during the week of 87,000 bales. Fair Orleans was quoted at 9¾d., and Middling Orleans at 9.

COTTON.—Arrived since the 18th instant, 19,670 bales. Cleared in the same time 3,148 bales for Liverpool, making an addition to stock of 16,581 bales, and leaving on hand, including all on shipboard, and in the presses and pickeries not cleared, a stock of 56,723 bales.

The Cotton market opened on Saturday with a fair demand, and the sales of the day embraced 2,000 bales at irregular but generally very full prices. On Monday and Tuesday the market ruled pretty freely, and sales of 6,000 bales were effected during the two days, with an advance in the rates of about ¼d. On Wednesday and Thursday the market was active, and resulted in a business of 4,000 bales at very full prices, closing at quite an excited state of feeling. Yesterday, with a steady supply offering, the sales were confined to 1,200 bales at outside rates, and to-day about 2,000 bales were sold, making a total for the week of 16,000 bales. The market closes at the range of our advanced quotations.
