DR. WESLEY GRINDLE'S
CELEBRATED
MAGIC COMPOUND,
A POSITIVE REMEDY FOR
Pulmonary Consumption.

It is a fact that cures for Scrofula, Consumption, Chronic Coughs, Bronchitis, Bilious Fevers, Pneumonia, Rheumatism, Neuralgia, Dyspepsia, Liver Complaint, Debility, and all diseases originating upon the mucous surface of the blood.

PAT. DEPOT, NO. 34 WHITE STREET, N. Y.

Behold the gorgeous sunshine of hope may arise
To cheer the sad heart with the light of its rays!
And thus the remedy not only relieves, but
Will surely cure the disease. But one trial will prove the fact. Do not fail into an early grave—a sure remedy is at hand.

Don't suffer, full of anxiety and doubt in any way, may ask. Can your medicine cure my lung disease, which has entirely undermined my system? We answer, certainly it is necessary in order to effect a perfect cure, the treatment be commenced in season, before the destruction of the lung is lost. It is only to arrest the disease, and when this is done no vile substance deposited in the lungs by tubercles known as tubercle, become absorbed into the system, and the patient finds in possession of whole lungs and sound health, and suppose the disease is not arrested at this stage. The softened tubercle produces the irritation, the inflammation leads to ulceration, and the destruction of a portion of the lung is the result, a cavity is formed which enlarges by the work of death, causes the deposit of tubercle, as already described. Now does your remedy effect the cure naturally so done. As soon as the disease is arrested the fortuit matter is absorbed by the blood and exhaled into the air through the delicate membrane, or what is more common, coughed up large size, the walls fall together and heal. So scar and the remaining portion of the cavity, healing apparatus, true to a law reuniting the whole physical economy, becomes now a perfect organ, taken on increased action, and sustaining energies for that which has been lost.

Dr. Grindle's Magic Compound is put up in a powdered state, but readily prepared for using in a liquid form, according to the directions which accompany it. Dispatches are made by mail and express.

Prices—One box, $2; three boxes, ordered at one time, $5. One vial of cure, $10; one dozen, or any number greater, $20 a box. Free postage in the United States, on orders over $100 mixed, at 10 cents a box. In all cases the amount must be inclosed in money or stamps. We are responsible for any money sent us by mail

COMMERCIAL.

OFFICE OF THE DAILY PICAYUNE,
Friday Evening, March 19, 1858.

A fair amount of business has been done in our general market during the past week, but as lower prices for several of the leading articles. Cotton has been depressed by declining Exchanges and greater firmness in Freights, and Sugar and Molasses by increased supplies. Provisions have been of fair quality at full prices. Water has continued very low, with but little change in the rates. White Cloud has largely declined. Previous generally have been firm, with an advance in Pork and Bacon. Freights have been firm at the rates current, Coastwise rates are easier, and the change dull and drooping. Money still keeps declining in sterling bills.

COTTON.—Arrived since the 12th instant, 54 945 bales. Cleared in the same time for Liverpool 31,740, Havre 9004, Bremen 1074, Cronstadt 350, Rotterdam 300, Vera Cruz 468, Boston 3731, and New York 1041 bales; together 46,758 bales, making a reduction of stock of 8,911 bales, and leaving on hand, &c., a stock of 422 231 bales.

Our last weekly report closed upon an inactive and heavy Cotton market, and on Saturday we reduced the above figures, which continued to be quoted mostly at a decline of ½c ₩ lb. On Monday some buyers came forward and took 13,000 bales, and on Tuesday the sales again amounted to 13,000 bales, prices being irregular, without any further material alteration. On Wednesday morning we published the North American's advices, reporting a further advance of ¼c at Liverpool, but the news had no perceptible effect on our market, which was heavy as previous quotations, the sales of the day embracing 3600 bales. Yesterday buyers came forward rather more freely, and took fully 15 000 bales at unchanged prices, and to-day some 12,000 bales have been sold, making the sales since the week 68 800 bales. The market closes at the range of our quotations, as follow:
