Be il manimosity realed by the Chamber of Commerce of the city of Non Orienas. That the opening of the Tebunatage route is an enterprise which commends itself in every respect to the fostering ours and support of the community. That no other undertaking fraught with such important consequences to our people, and that in view of the vast results that must follow from the control of a thoroughfare which is insvitably destined to superache all other routes to the middle and northern Pacific. It becomes a duty of every citizen of New Orienas to extend such thera! thoroughfars which was a uperaced all other routes to the minusers accurately an other routes to the minusers routes of routes of company as will enable it to device the routes of the american lathmus.

Resolved, That it is of the highest importance that this transit should be controlled by the capital, the energy and intelligence of New Orleans, as being the nearest and most matural starting point to the lathmus. New Orieans, as being the nearest and most natural starting point to the lathmus.

Reselved, That whilst discording all missish and sectional considerations, as unworthy of an enterprise national in its aim, and in the advantages of which the whole of willed world is invited to participate, yet that holding the order of pre-estimates so far as geographical p... Every dollar added to the business of New Orleans tende directly and inevitably to augment her population, enhance the value of property, strengthes our justition, and enlarge our influence. The Tebunitepec Company has already proved what it will hereafter accomplish that already established a safe and exor more in advance of the usual time re it perfectly practicable, fully and inconstructed it perfectly practicable, fully and inconstructed its immane advantages over all other transita to the Pacific, the company has now the right to appeal with confidence to our community, and to ask for material aid and assistance in extending its operations, in fulfilling the requirements of the charter, and in building a railroad that will reduce the passage across the lathman to a few hours, and the entire voyage to California to ten or eleven days. It has this right, because it is the people of New Virleans who will be the other recipients of the golden fruits of this mighty and momentus enterprise. The Orsecont City will become the leading emporium of the opulent trade with the Pacific. In her iap will be poared the wealth accruing from the trade with California and Oregon, with the entire Pacific coast, with the Sandwich Islanda, with China and Japan. The besefts that
