AYER'S AGUE CURE,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fever, caused by the Malaria of the clime of diseases originating in watery decomposition, formed by the malaria of miasmatic countries.

NO one is ready to believe called for by the necessities of the American people than a warranted safe remedy for the Fever and Ague, and the many other affections which that climate produces. That it will eradicate the disease, and with unfailing certainty, is proof, that no facts can be more clearly established.

That which protects from or prevents the disease must be of immediate use to the traveller or settler, as it prevents. Prevention is better than cure, for the reason that the system is not left in the state to suffer the shock of the baleful distemper. This AYER'S AGUE CURE does, for it wards off the disease from those who use it, and prevents the development of the disease, it takes out the seeds of disease from the system, and thoroughly expels them, so that those remedies may not disconcert for this class of complaints, but also be counted. The large quantity we are able to make of this CURE, and the certainty of everybody, and in various districts where the Ague and Fever prevails, which have been tried and use it freely both for cure and protection. It is hoped this power will be used by the people, that they may not be on the rack. A great superiority of this remedy as well as the truth. A great superiority of this remedy over all others of the class is, that it contains no quinine or mineral, consequently it produces no quinism or other injurious effects of any kind whatever. It is purely vegetable; it can tell no lie—it is healthy as it does but never had the disease.

AYER and SON is not alone the consequence of the tremendous power of the remedy, but the fact that from its originators, among which are Seraphic Hiccups, Dumb Chills, Fever and Ague, Fever and Ague, Fever, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Disease of the Liver, Pain in the Bowels, Piles, and all the long list of ailments arising from the use of which, when continued in the cause, put on the appearance of Consumption, and many have fallen victims to the fatal delusion, when a few bottles of the CHERRY PECTORAL would have saved them. Nothing can counteract the infection, that will be conveyed from the system, and cannot accumulate in sufficient quantity to injure their health, if they will but use the CHERRY PECTORAL as a preventive.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC

are so composed that disease within the range of their action cannot withstand or evade their influence. Their power to overcome it is great, because they are put up in portable form, and are purged of the bulky, indigestible matter which renders other cathartics so repulsive. Being sugar coated, they are pleasant to take, and operate with certainty and safety in every case to which they are applicable. They are the best aperient in the world for all the purposes of a family physic. Prevention is better than cure, and by using these pills mildly but surely when we feel the first approach of disease, we may ward off and cure it. Keep this antidote in your houses. Do not be without it for your children's sake, or your own, for you will never suffer from their use, nor from the disease they cure, if taken in season.

Ayer's Cherry Pectoral,

For the rapid cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So stable is the field of its confidence, and so numerous are the cases of its cures, that no community can long remain in personal ignorance of its presence, unless they have neglected from absolute want of confidence in the use of the item by its use. Where one is tried, its superiority over every other medicine is proved, and its cures excite proper observation, and when the virtues are known, the public mind is satisfied, and the public heart is made glad. Extensive and stagnant affections of the pulmonary organs that are considered incurable, yield to its power, and hence many living about the community have heard and been disabused, that has caused favorable comment, and produced cures too numerous and too remarkable to be forgotten.

TO FAMILIES.

PECTORAL BALSAMIC SYRUP.

THE GREAT AND ONLY GENUINE

BALSAMIC SYRUP.

It is now thirty years since this truly valuable Syrup was first introduced to the public, and although it was universally acknowledged to be the most efficacious remedy ever discovered, it has, by its unparalleled success, called forth numerous spurious imitations, under the same name, and by the ingenuity of unprincipled medicine venders, who, in the present day, would not scruple to sell a poisonous medicine if they could find a customer for it, so that the public is liable to be deceived, and purchase a worthless article, instead of the genuine. Therefore, rely on having DUCONGE'S PECTORAL BALSAMIC SYRUP, and no other. In all affections of the lungs, such as

CONSUMPTION,

it has been found to prevent that dreadful scourge, wherever used, and in the first stages of disease, it has also been found beneficial in many cases of rheumatism, diarrhœa, dysentery, summer complaints, and especially in those diseases of children, which, for want of proper notice, so often degenerate into confirmed consumption.

The proprietor would publish hundreds of certificates establishing the efficacy of this

PECTORAL BALSAMIC SYRUP,

but this mode of recommendation has been so much abused that the unbending, public mind, will not believe it, therefore, willing to let his Syrup stand upon its own merits.

THIS IS ALSO THE CHEAPEST,

because the bottles are not only hold more Syrup than any other, but, owing to its peculiar composition, this Syrup will keep for years without fermenting, and can be safely put in families as required, by simply keeping the bottle corked.
