WHERE IS IT TO BE FOUND?

Nationality is a term deservedly dear to every lover of the Union, and hence all parties strive more or less successfully to arrogate to themselves the title of "National." Even the Black Republicans fail not to appreciate the value of the expression, and not unfrequently put forth earnest protestations of their claims to nationality. Thus, for example, it is common for them to assume a syllogistic style of argument, and to declare that freedom is national and slavery sectional, ergo as they are for freedom, they are national. But their logic is somewhat faulty since if they were national, they would not be confined exclusively to the North. Leaving them, therefore, out of consideration, let us endeavor to find out if there is any national party in this country. Some months ago, it seemed probable that Democratic party would prove a final resting-place for nationality. A long time elapsed after the adjournment of the Charleston Convention before the platform and candidates were announced to the country. Many days and weeks passed by, and no mail coach, with advices from San Francisco the 11th, and telegraphic dispatches to Vicksburg the 12th ultimo, has arrived at Springfield, Missouri, the terminus of the Atlantic and Pacific telegraph line.

The news by this arrival possesses some features of importance.

Buchanan in San Francisco had assumed a somewhat more favorable tone.

Land was in better demand, and prices had experienced a slight advance.

Bacon showed firm. The demand was active, and there was an advance on previous rates.

The Indian Outbreak—The Indians whose depredations have been so severely felt in the Carson valley, the mining districts and other points, had taken flight to more remote spots, and it was apprehended that the trouble had been settled in twain, disintegrated, broken in pieces.

The Pony Express—Messrs. Rebsedle, Majors & Co's Central Overland Pony Express would be soon ready to resume its regular trips.

The party came up at twenty-five min. after 9 o'clock, the express agent and supernumerary, who started from the Carson valley, had been thus far successful in relieving the stations, and the whole route, it was thought, was in a fair way of being re-established.

Mining Districts—Advices received from the mining districts state that the miners who had retreated to places of safety in order to avoid Indian depredations were returning to their work.

The Indians along Walker's river and Mono Lake showed no fierce dispositions, and were generally in a state of tranquility.

Recapitulation—The stages had been robbed of $4,000 by the express, near Chico, Butte county.

Later from the Sandwich Islands—The mail coach also brings advices from the Sandwich Islands of no special importance.

The trade at Honolulu was ruling dull. Goods of all descriptions were slow of sale, and prices were barely maintained.

The schooner Fur West arrived at San Francisco from Honolulu, reporting that further guano discoveries had been made.

Latest from San Francisco—By Telegraph to Visalia—San Francisco, June 12. The steamships Golden Gate and Panama, from the 1st ults., have arrived at this port, bringing a good number of passengers and a large freight.

Juarez Treaty Void—Judge Terry, who some time since killed Senator Broderick in a duel, had been removed to Martinez, there to await his trial. This change indicates his acquittal.

Oregon Advices—A dispatch from Portland Oregon states that the result of the late election remains doubtful.

The probabilities are in favor of Mr Logan for a seat in Congress.

The result of the elections for members of the State Legislature had not as yet been ascertained.

The California Mails—New York, July 2. Commodore C. Vanderbilt positively refuses to carry the California mails for inland and ocean postages.

He also declines to carry matter for express men.

New Haven Exchange Stock—New Haven, Conn. July 2—Judge Ingraham, of the United States District Court, has decided that the action of the New Haven railway stockholders was valid.

Cincinnati Markets—Cincinnati daily Times—Flour market closed very dull, prices range from $4 60 to $4 75 per bbl. Pork closed firm, and is quoted at $18 75 per bbl. For sugar cured hams $10 bids at 10½c. Lard closed buoyant at an advance of ½c. Corn closed buoyant, and were sold at 36c per bushel.

New York Markets—New York, July 2—The Cotton market closed quiet. The sales add up upwards of 1,000 bales. Middling Uplands are quoted at 12½c. Flour has a downward tendency. Sales to-day were 7,000 bbls. superfine State at $4 60 a $4 75, and $4 90 per bbl. For sales of Corn sixty to seventy thousand bushels at 62c. Pork closed dull. Beef closed dull. Pork closed firm. There were 10 ships sold at $19 87½. Ten sales all told amounted to 2000 tons at 12 to 27½c per ton.

Philadelphia, June 27—The difficulties under which the Democratic party of Pennsylvania is labor in consequence of the Baltimore split is already becoming closely manifest in this city, where the feeling between the Douglas and Breckinridge office holders is very bitter. Last evening, the city Executive Committee held a meeting to take action for a ratification meeting, which is to soon take place, especially which is to be ratified, and immediately adjourned without coming to a settlement. This evening the Douglas portion of the committee held a meeting under a call of eight of the members, including Alderman McMullen. Ten of the twenty-four members of the committee were present and agreed to hold a mass meeting on Saturday night to ratify the Douglas ticket. The chairman of the committee publishes a card declaring the call of this meeting irregular.

A call for a mass meeting on Monday night to ratify the nominations of Breckinridge and Lane will be published in the morning papers, and prominent Senators Fitzpatrick and Benjamin and Messrs Cushing and Bonnet are speakers. The call is unsigned. The Democratic State Committee will meet on Monday, when the preference of the electors will be ascertained. A proposition strongly urged by the Breckinridge men is to run Douglas and Breckinridge as the joint electoral ticket. The electors are said to fairly represent the future vote in the college. The electors previous to the nominating were understood to prefer Mr Breckinridge as the regular nominee, but their present preferences are believed to be in favor of the nominee of the majority of the regular Convention.

Detroit, June 28—The Democratic State Convention met here to-day and nominated the following nominations: For Governor, John R. L. Barry, of St. Joseph; for Lieutenant Governor, William N. LATER FROM CALIFORNIA.

ARRIVAL OF THE OVERLAND MAIL.

SPRINGFIELD, Mo., June 29. The Butterfield overland mail coach, with San Francisco papers of the 9th and dates to the 11th inclusive, passed here at 6 o'clock this morning.

Nothing of importance has been done about the Pony Express route. At one time a party of Indians were armed and were reported to be on the route. Mr. Jackson Carson, Carson Valley, the superintendent of the Express Agent and Superintendent, and an expedition started by Lynn been seriously contemplated. At present it is unsettled whether to send an Agent or Indian to do any thing to be receiving advices from Russell, Majors & Co.

Since the skirmish with the Indians on the 2d inst Lemuel Lakey in which twenty-six Indians were killed, the settlements in Carson Valley have been unable to bring any more together. Last night Gen. Clark received a dispatch from Capt. Stewart commanding the regular forces in Carson Valley, stating that Captain Joshua Hand probably will find no Indians beyond reach of his troops. The contributions from the people of San Francisco for supplies for the Indians exceed $1000.

A full list of parties killed by the Indians in Carson Valley, Pyramid Lake and the Indian country, has been published, amounting to about 80 men.

The Pony Express, which is on the 5th inst., proceeded from Carson Valley to the Big Sandy, thence to Salt Lake, and then re-turned on account of the destruction of the stations.

Judge Terry, who is under indictment for killing Senator Broderick in a duel, has applied for a change of venue on the ground that he cannot obtain a fair trial in San Francisco.

Eddie H. P. Hough, late United States weigher under Executive appointment, died in Marysville on the 6th, of congestive chills, three feet of the case contracted on steamer, while returning from Washington.

The ship Sunda, arrived from China since the 4th, bringing 1,000 passengers, making the total arrivals of passengers from that quarter, since the 1st of May, over 4,000.

Important mineral discoveries are reported in Klamath county.

News was received by telegraph from the upper counties of Oregon, yesterday, giving the returns of the election. Jackson county gave Shuel, Democratic candidate for Congress, 800 votes. Lane, Republican, 951. The entire Democratic Legislature ticket was elected.

Josephine county is reported for Shuel, 298. Logan, 156. Logan's vote in Jackson is a gain of 100 on his vote of last year, when he was defeated in the State by only 16 votes. These returns are encouraging to Republicans, and indicate a possibility that a Legislature has been chosen, which will in August elect two Republican United States Senators.

The schooner Ewing brings news from San Blas, Mexico, to the 13th ult. Two English man-of-war had landed portions of their crews, and taken possession of San Blas, and were holding it against the Liberals. The acting Government and Custom House officers had granted an order from the British manof-war the privilege of taking a Mexican schooner, putting an English crew on board, and hoisting the British ensign, for the purpose of smuggling silver up the coast. This is the language of the paper received, but whether the designs to assist British subjects to smuggle, or to prevent the exaction of duties on silver by different sets of revolutionists, is probably a matter of opinion.

Important from Mexico—Defeat and Capture of Miramon.

The U. S. mail steamship Arizona, at Acapulco, arrived at this port yesterday, brings to-day's papers from Mexico, and most interesting and important intelligence has been received. It would appear that the civil war in Mexico is about to be brought to a speedy termination.

Gen Miramon was at the head of the whole Reactionary force, recently collected in the vicinity of Queretaro, and Gen Zaragoza at the Constitutional army, where the defeat of Gen Uraga at Celaya took place.

Of the battle we have no particulars, except that it was a general engagement. The defeat and capture of Miramon alone is known, which was a brilliant victory.

The place of the battle was the same as that Gen Parrot was formerly seated.

We learn also by the same source of the total rules Oriental at the head of the Constitutional forces of Zacatecas, had met and routed the Reactionary General Ramirez.

The news was received at Monterey on the 5th, by express from San Luis, and is believed to be reliable. *Evening Picayune.*
