Superintendent.

L. MILLER'S
HAIR INVIGORATOR,

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS and curing it, when there is the least particle of vitality or germ capable of producing a growth.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequaled gloss and brilliancy, making it soft and silky in its nature and causing it to curl readily.

The great desirability and the invaluable demand for this unequaled preparation is established by the fact that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It allays the humor and dandruff from the scalp and the consequent irritation, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is diminishing in quantity, it will restore the vital vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh succession of hair.

There are hundreds of ladies and gentlemen in New York who can be fair testified to the merits of this Hair Invigorator, when all other preparations had failed. L. M. has in his possession letters from the highest respectability. It will effectually prevent the hair from receiving a grayish tinge, and if the hair has become gray, restore the hair has already changed the color; the use of the invigorator will in a comparatively short time completely ignite its dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an extremely fragrant and the most facilities it affords in dressing the hair, which, when used with the Invigorator, can be kept in the required form so as to preserve its place, whether plain or ornamental, during the exercise of the ladies' toilet. As a standard toilet article which none ought to be without, as the price places it within the reach of all.

QUINTY-FIVE CENTS per bottle, is backed at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator in connection with the children's hair liabilities to be weak. The use of it for the foundation for the future growth of the hair, removes any impurities that may have become connected with the scalp by the removal of dandruff, and prepares it for the reception of the oil, and the future appearance of the hair.

CAUTION.—None genuine without the fac Simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y., blown in the glass.

Wholesale Depot, 56 Dey street, and sold by all the principal Merchants and Druggists throughout the world.

Liberal discount to purchasers by the quantity.

I also desire to present to the American public my

New and Improved Instantaneous
LIQUID HAIR DYE,

which, after years of scientific experimenting, I have made to perfection. It is the best, the only harmless dye, without injury to the Hair or Skin. Warranted the best article of the kind in the world.

PRICE, ONLY $5 CENTS.

Depot, 56 Dey street, New York.

AYER'S SARSAPARILLA,

A COMPOUND REMEDY, designed to be the most effectual alterative and purifier of the blood that can be extracted from Sarsaparilla, in combination with other and more powerful antidotes for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is what the suffering invalid has long been pursuing in vain for relief and cure. Hitherto the public have had only such compounds as could be obtained, which contained but little of the virtue that is claimed for the full thing. Hence the general inefficiency of what has been extolled as a remedy, but which contained little or none of the curative principle of Sarsaparilla, or any thing else.

Dr. AYER has spent the best years of his life, and devoted his whole energies to the study of medicine, and has been rewarded by the public confidence which his skill has received. Many remarkable cures have been made by his Sarsaparilla, which have come under his own observation, and which are recorded in his American Almanac, which the agents below named furnish gratis to all who call for them. These cures are of such publicity and notoriety in their several localities as to afford an effective antidote
