## A Total Control of the Control of

North of a fruitless war which impoverishes that region, without accomplishing the object for which it is waged. There is yet another mode of curtailing the

war, and which may be used to co-operate with and basten the effect of the one just referred to. and basten the effect of the one just referred to.

I is to carry on the contest with vigor and activity on the part of the South, to whip the ankees wheever they engage ne in battle; ochange a defensive for an offensive policy wherever this can be effected without a fool-wheeles, were in possession of that town on the part of the contest of the con it is to carry on the contest with vigor and activity on the part of the South to whin the Yankees whenever they engage us in battle; doubt that every victory achieved by the Con-federates awakens among our foes a delike of military operations. It impairs their morale, strustful of triumph, and indis but for the most part we, have been Make in our policy. Have we devastation of our soil, the destruction of our dwellings, and the spoilation of our people? If we wish to bring the war to a speedy close.

## Vol. XVII—New Series. Vol. XXXIV.—Whole No. 12,268.

and the President has approved the following acts:

An act amending an act authorizing the Post-masters to receive Treasury notes in payment of postage, by allowing the people to deposit five or larger Treasury notes, and taking stamps or paying postage in advance in any amounts.

An act making appropriations to comply in part with the treaty etipulations with the In-Au act authorizing the President to confer temporary rank and command on officers of the navy doing duty with the troops on land.

An act amending an act entitled An act establishing a uniform rule of naturalization for persons enlisted in the Confederate army."

An act providing for the appointment of sons onlisted in the Confederate army."
An act providing for the appointment of chaptains in the Navy.
An act authorizing the appointment of additional officers in the Navy.
An act authorizing the appointment of additional officers in the Navy.
An act making appropriations for the expenses of the (tovernment in the legislative and indicital departments for the year ending the 18th of July next.
An authorized the Confederate and indicital departments for the year ending the 18th of July next.

July next.

An act supplementary to an act authorizing the issue of Treisury notes, and providing a watax for their reduption.

Congress took a recess until Monday next.

The body of Lieut-Col. Martin, killed at Dranceville, reached here this afternoon, en route for Alabama.

Nothing of interest from the camps.

Nothing of interest from the complements of the Christmas demonstrations have commenced, and the Agent sends the compliments of the-season to publishers and readers.

## Important from Milasouri.

maps of danger. There is no earthly a troops were expected to say the north day received by the Conduction of the little of the river, with 1889 Federal troops and a finite of the river, with 1889 Federal troops and the river.

camp, and destroyed one of the two ferryboats in their hands.

This informant says he heard heavy firing after leaving Lexington on Friday, indicating that an engagement was progressing between our forces and the rebels; also, that then Davies brigaded of Federal troops left Otterville on Friday for Lexington. These statements need confirmation.

The robel Captain Sweeney and sixty-three other robel prisoners reached here last night, to be the prisoners was sent of Cairo last night, to be towarded to Columbus.

Sedulia, Mo., December 14—Parties from the West arrived here report that 3800 relief troops, under Gen. Stein, passed a point fifteen units from Warrepsburg ou the Ith, avidously for the purpose of occorting some 480 or 800 rebet recruits, with their baggage, provisions, &c., from Lexington to Price's army.

The Charleston Courier of the 20th has the

the something of the practical misery entailed by war, and they will soon learn to appreciate the advantages of psace.

Since the foregoing was written dispatches have been received leading to the boilef that the Lincoln Government will yield to the demand of the Britash Government, and will surrouder our Commissioners. This, if true, will leave things as they were, except the disgraceful thomiliation which the Yankees have accepted.

Benerit of the Free Market.—The members of the New Orleans Thalis Club gives a grand ball at Odd Fellows Hall on Saturday evening, 28th instant, the proceeds of which are for the benefit of the Free Market. We are indebted to the Committee for tickets of invitation.

Ping McSic.—The lovers of sacred music are reminded that a very solemn and beautiful mass will be song this morning, at 10 o'clock, at 81 Patrick's Church, Camp street, under the direction of that accomplished artist. Mr. Carto. A rich musical treat may be anticipated.

Charles and ball and Odd Fellows and the street days of the following:

The Cincinnati Gazette, one of the prominent and blood thirsty organs of Lincoludom, in a and blood thirsty organs of Lincolndom, in a recent article on the negro quastlon, says:

The use to be made of these within our lince must be governed by its pradicability. So far must be governed by its pradicability. So far as they are used by our armise, they will be such as any loss are these in authority set must be governed by its pradicability. So far as they are used by our armise, they will be such one challenged the must be governed by its pradicability. So far as they are used by our armise, they must be provided the contrary direction and diacelyline. If they can be more too put bullets or buyonets and according to the magnes of that which, with a curious paradox, we call civilized warfare, there can be no reasonable byligetion; but contrary, there would be presional justice and filled to contrary, there would be presionably be exact as addiers, from the directly of bringing them moder proper discipline; and the requisite courtage for coldiers cannot resolvably be exact as a far and cowed by generalization for the more sected in a race cowed by generalization of the considerable extent by the re-belt, but they hold be segrees, and their despote and severe way of governing them, would make them more sected in training them in military discipline; had segrees, and their despote and severe way of governing them, would make them more sected in training them in military discipline; had segrees, and strike a heavy blow to the re-best courtage of which prove the move and increased them well as for the selection to the guitty. The nation can well asford to support them, and incur all the required in the required of the section of the guitty. The nation can well asford to support them, and incur all the required in the required of the move seems to be a theory fast being reduced to present a war, saids from the fighting, which are most as the subtion is still in the way. recent article on the negro question, says:

i men for the war.

The Enemy Opposite Columbus.

It is said that the enemy have sent a force of sughteen thousand men to the Missourd shore, oppraise Columbus, who are endeavoring to pay the shallow attacky upon General Polk of presending to out off his communication on the Missourd poly on General Polk of Mississippi below Columbus. Such a device us this cannot affect he movements of Gen. Polk in the lesses, since the Hewsins will effectually at off their own communication with their base of opprations as soon as they move below Columbus. Land communication through the "shush" of the Mississippi bottom, with heavy teams, is physically impossible at this season of the year. The water communication will post to the year that we have to many submit the post of the year. The water communication will post to the year that we have to be the following a sound night of heavy log, and be joined by this land force at some point below, then taking Columbus in the rear, while another force shall endeavor to carry the right of General Polk, by assunting Colonal Bowen at Felician and taking possession of the rail read of the Columbus that their cross. This view of their devices of the Columbus that their cross. This view of their devices of the Columbus that their cross. This view of their devices the following the grant of the coloniderates, on water. This they will sever do safely neither will they ever do safely neither will they are not the railroad.

And then, if they should succeed in running the grant the probably never will be, the grant of the columbus the probably never will be, the grant of the columbus the probably never will be, and the probably never will be, the grant of the probably never will be, will sever do safely neither will they ever do safely neither will they ever do safely neither will sever the safely neither will sever the probably the probably never will be, and the probably the probably never will be, and the probably the p
