NEW ORI.EANN: WEDNESDAY MORNING. APRIL 22, 1868

MR. CHASE AND THE REPUBLICAN PARTY.

The Independent, a prominent Radical organ, and according to the New York Times, one of the "earliest and most consistent advocates of the "carliest and most consistent advocates of the Tonaco of th

he is so distinguished a member ? Where is the

We have not been of the admirers of Judge Chase and know of nothing in his record as a public man, previous to his action as President of the Souate, on the trial of Mr. Johnson, which should commend him to the Democratic party, but his conduct on this occasion has been on unexceptionable, so dignified and so entirely proper that our respect for him has been immessely increased. We know not who will be the choice of the Democratic party as its candidate for the Presidency, but it might be well, perhaps, if compromise be advisable, for it to weigh the advantage of his influence and that of his numerous friends, who undoubtedly represent the Conservative element of the Republican party, in the approaching canwass for the Confidence of the Democrative element of the Republican party, in the approaching canwass for the Device and provided the control of the democratic party as the confidence of the influence and that of his numerous friends, who undoubtedly represent the Conservative element of the Republican party, in the approaching canwass for the Device and the Control of the Control s not been of the admirers of Judge lican party, in the approaching canvass for the

New Noheel Beeks.

We have received from Mesers A. S. Barnes & Co. publishers, S. I and S. John street, New Y. rk, the following work, lately published by them, viz. "A Summary of English and French History, for the use of schools." This work, the author says, is designed to supply a want felt by every student of History, viz. "A brief, yet comprehensive summary of leading eventy in the history of Kngland and of France, for nishing a well proportioned outhing to which his more extensive passions. nishing a well proportioned outline to which his more extensive reading may add the finer the plan of this brochure seems to be well

adapted to the object the author had in view

The Earl of Cardigan, in Engrasses.

He was a Licentenant General of the British army and at the time—this da sh was? I years of age. He is tamous as having led the celebrated "charge of the six hundred" at Balaklaws, in the Crimean war. He was a man of great personal courses, but a rigid and most overbaring officer; with its conduct in leading his ment to be destroyed in this celebrated charge into "the valley of death" has been severely chicked, now that and did not the summary of the same doment.

As usual some of the members opposed the local proposed the same and the same and the same and the same and the word "treat and substitute "Twenty," but afterwards accepted fifteen as an amendment.

As usual some of the members opposed the local proposed the local pr
