DEMOCRATIC MEETING ON LAFAYETTE SQUARE.—A meeting of the Democracy will be held on Lafayette Square on Thursday evening next to hear an address from Willis Rollins the colored orator, who announces that Gov. Warmoth has given him assurances that he will be protected in the right of free speech. He invites his colored friends particularly; and we suggest to the Committee of Arrangements that room be reserved for them immediately in front of the speaker's stand.

See announcement in our advertising columns.

THE SHAKESPEARE CLUB.—The Club give another of their agreeable entertainments next Monday evening, August 10th, in the Varieties Theatre, for invitations to which we thank the Committee.

DR. THOS. NICHOLSON'S great success in treating Consumption by Antiseptic Medicines, is as triumphant in King's Evil or Scrofula, since those diseases are relatives. The follow ing is a remarkable case: The patient is the wife of an old citizen, well known, and highly esteemed gentleman, Mr. W. M. Lumkin, resides 165 Orange street, between Camp and Magazine streets. The disease had bored a considerable hole through the left side of the neck, completely destroying the tonsil. There were four ugly Fistules ranging from the angle of the right jaw to the throat, under the chin, and nearly down to the collar bone, besides a large sore eating Ulcer deep down, inside the throat. Notwithstanding the frightful havoc she has entirely recovered with comparatively no scars. Dr. NICHOLSON'S office, corner Magazine and St. Andrew streets.

THE EXECUTIVE MANSION OF MISSISSIPPI.

It will be remembered that under the *regime* of Gen. McDowell (he of Bull Run) in Mississippi, that Gov. Humphreys and family were ejected at the point of the bayonet from the Executive Mansion at Jackson, which was taken possession of by a corap, called in military orders, "Gen. Amos." This gubernatorial residence was built by the freemen of Missis sippi during your age as a cost of nearly half a million of dollars, to be used by their Chief Magistrate while in office.

Some of the most gifted men and beautiful women of this continent have been the honored guests in the Executive Mansion of this noble State. Among the Chief Magistrates of Mississippi who have occupied the mansion, we can recall Alexander McNutt, A. G. Brown, Jos. Matthews, John A. Quitman, Henry S. Foote, John J. McRae, John J. Pettus, Charles Clark, W. L. Sharkey and Benj. G. Humphreys. These were all men of ability.

What is the scene at the time honored Mansion of Mississippi now? To reflect upon what it is now and what it has been is enough to make a Mississippian wish that it should be made a monument of the incendiary's torch It is now turned into a billiard saloon and a brothel, and "Gen Amos," so called, in military orders, is the keeper of the house.

What a step from splendor to disgrace!

Democratic Ratification Meeting at Jackson, Miss.

We take from the Jackson *Clarion* the following report of an occurrence which took place during the march of the Democratic procession in that city on the 30th ult.

How long must such high-handed tyrannical acts be tolerated?

AN UNPROVOKED INTERFERENCE.

When the procession halted at the Capitol gate, Lieut. Rodgers, of the 5th Cavalry, who was in charge of the guard, sent along, as we supposed for the protection of the procession, rode up to the person who had charge of an affay of Benj F. Butler and ordered it out, but before the order could be obeyed, he drew his sabre and began hacking at the mule upon which it was mounted, at the same time ordering the guard to arrest the party who had it in charge. One of the guard drew his sword for the purpose, when the man was lost and mixed with the crowd —Lieut R. then cut the mule three times with his sabre and forced it through a large party of ladies who were at the time forming the street, on their way to the Capitol In the stampede the effigy fell off, and a crowd, composed principally of boys, gathered around. and Lieut. R., without giving them notice to disperse, charged upon and cut at them with his sabre. When he had passed through, we must say he seemed to be almost eleven years old getting up, he had been ridden over, but fortunately not hurt. Lieut. R. then dashed off with his command, leaving instructions for the effigy to be moved, and *not to be moved* the first part of instructions were obeyed.

While it will be remembered there were a number of wagons and carriages filled with ladies, the effect of a mule galloping among them with its rider dragging can be appreciated Luckily the mule ran free, instead of through the procession.

It is proper for us to state that the effigy was originally intended to represent Gen Grant, but as Gen. Biddle had objected to Grant being carried in effigy in the procession, Beast Butler, who is not an officer in the army, was substituted, and it was so labeled. No disrespect was meant to the uniform or army of the United States; but our people have no respect for the conduct of the infamous General Order, No. 5, issued at New Orleans in 1862, nor can it be *sabred* into them.

We will add, however, that inasmuch as Gen. Grant has entered the lists as a candidate for the Presidency, he cannot claim immunity from such treatment as would be accorded to another candidate

We submit the facts of this aggressive proceeding—which, but for the determination of the Democracy not to be provoked into a collision might have led to serious results,—to Gen Biddle, the high toned and gentlemanly Commandant of the Post, for such action as he may deem the peace of the community and the rights of our citizens to be entitled to.

Louisiana Crop Items.

The rain continues with no apparent prospect of a change. The effect upon cotton may well be imagined. The stalks are shedding their bolls faster than the worm could strip them of their leaves. Complaints are loud on every side, but they avail nothing. This weather and the development of the worm will make and harvest with the cotton crop of this parish without doubt. As the dependence has not been entirely upon cotton this year, the loss will not fall so heavily as in previous years, but, as times are, the farmer needs every dollar he can get to support himself and pay taxes.—*West Baton Rouge Sugar Planter, Aug. 1st.*

At a Sheriff's sale in this parish, a few days ago, corn sold at 10 cents per bushel. What will the North and Western corn producer and seller think of this? How rapidly and completely they are loosing the Southern market Tis their own fault.—*Point Coupée Echo., Aug 1st.*

We are having excessively wet weather of late, to the damage of the cotton crop. It will ever, if the worm does not appear in considerable force (and we scarcely think it will) the damage from wet weather alone will be bearable; for while it is harmful to a crop of cotton it makes another. The young corn is doing remarkably well and although planted after the water receded promises to yield bountifully.—*Ibid.*

THE WEATHER.—Unless we have a recantion of the heavy rains of the past few days, we fear the cotton crops will be materially injured in this neighborhood, and will, no doubt, cause the appearance of the worm.—*Baton Rouge Gazette, August 1.*

During the past week we have had delightful weather, both for enjoyment as well as for the growing crops.

The corn crop is made and will probably be adequate to the wants of the parish. The cane though small looks well, and with a favorable season from this time forward, Iberville will probably make from 3000 to 3500 hogsheads of sugar this season, against 1800 as the product of 1867.—*Iberville South, August 1.*

STILL THEY COME.—The St. Louis *Times* announces the names of three leading German Radicals who have forsaken Grant and will vote for Seymour and Blair. Their influence is worth thousands of votes. The Quincy (Ill.) *Herald* says in that city there have not been less than fifty changes of this sort in the last three weeks, and in the county not less than two hundred.

CITY INTELLIGENCE.

Reportorial Repertory.—The excitement yesterday occasioned the House of Representatives to adjourn at an early hour without transacting any business.

The Amusement Saloon—Academy of Music.—Though we do not wish time to slip away simply that we may grow older, yet we are grateful to know that the season for the opening of places of amusement is near at hand. True, in this city during the summer season, our people are not without their places of recreation, and are never the victims of ennui, even if they do indulge in a *dolce far niente* now and then; but a summer recreation at the Lake, at Miguel's, over a pompano, is not that kind of amusement we like in the city, after dark, at the Academy of Music. Hence, though we like the supper with all its gorgeous beauties we are pleased to know that autumn is coming, and with it Mr. Bidwell and the opening of the Academy

On or about the 14th of September the Academy will begin the season of Amusements. Mr. Bidwell and the senior partner, Dr. Spalding, are both now in New York, busy in engaging artists, and making arrangements for the Olympic at St. Louis, and the Academy here. From what we have learned, the attractions for the opening season will be such as cannot fail to please. Everybody in this city knows, and likes Billy Emerson, and he is admitted to be the most finished Ethiopian comedian in this country. Well, Billy, assisted by Messrs Allen and Manning, as Managers of the concert hall, not to be surpassed in this country are to open the season at the Academy. We have been assured by Mr. Bidwell that this troupe is composed of the best talent of the kind that has combined since the days of Lake West.

The fact, however, that Billy Emerson, is at the head of the troupe is all that is wished among the amusement seekers in this city.

After this troupe has finished its engagement, the world renowned circus, which Dare Bidwell had at Paris and London, will inaugurate a series of exhibitions in the arena at the Academy, to last for several weeks. This will be the most complete exhibition of the kind ever witnessed in this city. This circus is the same that called forth the admiration of that class of Europeans who thought that what had already accomplished in this line all that could be achieved.

To be in correspondence with these attractions, the Academy building inside, is now undergoing refitting and fitting up. The well known and accomplished stage machinist, George Kiesler, (in fact, the clock work master of the Academy) is now busy arranging the scenes, and making necessary additions about the stage. There are, also, a new "curtain" and a new "drop," to be painted by an experienced artist, at considerable outlay.

The proprietors of this pet place of variety amusement in this city are determined to spare no expense, energy or refinement in making the coming season one of the most attractive, thus far, in the career of the Academy.

Professor A. V. Rouzan's Classical Institute.—After the exhibition at this school, Saturday evening, a number of prizes were distributed to the most meritorious of the pupils, and honorable mention made to others. We give the names of the first in the order of the awards made in the several divisions of the school, having to omit those which received honorable mention for want of room:

Professor Rouzan's school is situated at the corner of Canal and Dauphin streets.

Still After the Colored Speaker Rollins.—Willis Rollins, the colored speaker, whom we reported was mobbed Saturday night for speaking his sentiments as a Democrat, and was arrested, and strangely charged by a Radical policeman with "inciting a riot," was arraigned before Recorder Becker yesterday and, of course, discharged, the charge being this time on the foot of the Radical side.

He was no sooner released than he was set upon by a horde of negro Radicals gathered together beforehand, and he fell a prey to cowardly whites who stood in the background and urged them on as usual Fortunately a number of gentlemen of the Constitution Club were on hand for Rollins' protection, and did their duty nobly, escorting him, despite the increasing and threatening crowd, to their Club Room, No 104 Canal street. Here the Radicals were even more demonstrative than before, but were deterred by the bold front of the members of the Club till they were dispersed on the scene and addressed the mob in a spirit for which he deserves credit, and which caused them to disperse, satisfied that our young Governor, however Radical he may be, was determined to protect all classes of our citizens, of what ever politics, in the free exercise of their political opinions.

The effect of the Governor's speech, coming from so high a source, and Radical source at that, happily for the peace of the city, perhaps prevented a serious disturbance, as there were probably as many as 2000 persons, mostly negroes gathered around the rooms of the Canal and Constitution Club, and evidently growing more and more turbulent, till the Governor addressed them in language alike positive and conservative.

Fourth Ward Club.—At a meeting of this Club Saturday evening, at 205 Canal street, there were a number of colored persons present as spectators. The following are the officers of the Club:

Geo. Cronan, President. Chas. Bienvenu, Vice President; John Schneider, 2d Vice President; Albert Bonnet, Secretary; H. A. Sibilsky, Corresponding Secretary; George Cavasse, Treasurer; T. S. Sykes, Marshal; John Kiernan, Assistant Marshal.

The next meeting will take place at the corner of Franklin and Canal streets, on which occasion Mr. E. L. Jewell and Col Frank Zacharie are invited to address the Club.

The Seymour Legion.—There was a meeting of the Legion last night at the St. Louis Hotel President Jonas in the chair.

Arrangements were made for a public meeting Wednesday night, at the Opera House, where speakers will address the meeting

Action was taken for co-operation with the Constitution in the matter protesting the colored Democratic speaker, Willis Rollins, after which the meeting adjourned.

The Constitution Club.—There was an informal meeting of this club last night, at their rooms, 166 Canal street.

Capt. McKeever, of Mississippi, who was quite active in protecting the colored Conservative Speaker, Rollins, while recently spoke on Canal street and was mobbed therefor, made a few remarks to those present, including a number of colored voters, after which the meeting adjourned.

Parish Democratic Committee.—There was a meeting of this Committee last evening, at the Rooms of the Democratic Central Executive Committee, 205 Canal street. The Committee is composed of the following gentlemen:

First Ward—O Dupuy, Jno Ellison
Second Ward—A Miller, with military power, Hayley
Third Ward—M Lesther, M W Cloney
Fourth Ward—E L Jewell, H F Sturcken
Fifth Ward—P Lafarge, M Barnes
Sixth Ward—A. L Thiot, A Sambola
Seventh Ward—J. A Letten, Wm. Lockwood.
Sixth Ward—(Not represented)
Ninth Ward—L St Martin, Jos. Lulla.
Tenth Ward—Jas. H Buchius, W P Harper
Eleventh Ward—John Harris, R C Bond
Mr. Joseph Ellison was elected President, Mr. Louis St. Martin Vice President and Mr. M Lebarre Treasurer. The election of Secretary was postponed. The Committee will meet Wednesday at 7 P. M., at 205 Canal street.

Buddy Bossard—Three men, P. Foley, P. Taylor and C. Eakin, workmen in Golding's foundry, corner of Dolhrd and New Levee streets, were badly burned last evening while pouring molten iron. They were taken to the Hospital.

City Mortality.—There were 100 deaths in New Orleans during the week ending Saturday morning the 2d inst. Of the number there was one death by suicide and one by accident The rest died of various ordinary diseases.

LOUISIANA LEGISLATURE.

THIRTY-FIFTH DAY—AUGUST 3, 1868.

SENATE.—Lieut Gov. Dunn presiding.

The Finance Committee reported back unfavorably Senate bill No 73 fixing the salaries and defining the duties of State Tax Collectors.

The Committee on Commerce reported favorably on a bill relative to Port Wardens in New Orleans.

Mr. Whitney, (Rep.,) under a suspension of the rules, presented a memorial from the citizens of Tensas parish, petitioning for aid in the construction and repairs of the levees Read and referred to the Committee on Public Lands and Levees.

Mr. Campbell offered a resolution that the Governor be requested to inquire into the case of Judge Gates, of the Third Judicial District, (St. Martin parish,) who refuses to surrender the right of Judge Train to fill that office, declaring that the reconstruction laws are unconstitutional, and the votes of negroes null and void. The resolution was adopted.

Mr. Bacon offered a resolution providing for the appointment of a Committee of three to inquire into a reported attempt made in the last two days to create a riot, and the attacks made on the colored speaker Willis Rollins, Democrat.

After considerable discussion the whole matter was laid on the table. Yeas 19; Nays 8

The President of the Senate said he had seen Gov. Warmoth on the subject and that the Governor deprecated the disturbances

House bill No. 24 joint resolution for a committee to count the votes cast at the last election was taken up. The bill was read a second time and referred to the Judiciary Committee.

Senate bill No 71—An act to repeal an act to publish judicial advertisements in French, was passed finally. Also, Senate bill No. 76, relative to judicial advertisements.

Senate bill No 49, providing that all contracts of the city for over $500 shall be sold at public sale by the City Controller, was passed and sent to the House.

Mr. Ray called up Senate bill No. 31, relative to the majority report of the Committee on Recodification.

Mr Campbell's substitute for the 4th section was taken up.

It was argued that part of the section was in violation of the Constitution, which provides that the oath of an applicant for registration shall be *prima facie* evidence of his right to register.

Mr. Ray, construing the Constitution, differently opposed the striking out, and moved the adoption of the substitute. Motion carried.

The Senate then went into Executive session.

On opening the doors the Senate adjourned.

HOUSE.—House met at 12 o'clock M., pursuant to adjournment. Speaker Lowell in the chair.

The Committee on Elections and Returns submitted a majority report, which lies over one day under the rules.

The Committee on Ways They have examined with much care and study the case of Messrs. Heidelsheim and Hall, contesting the election of Messrs. Zacharie and Stringer as members of this House from the Fourth Representative District of the city of New Orleans, and have come to the conclusion, among others, that gross and most outrageous frauds were perpetrated in said Fourth Representative District, all of which were calculated to injure the cause of the contestants, Heidelsheim and Hall, and to render the proclaimed election of Zacharie and Stringer unjust, illegal and unconstitutional.

On motion of Carr, of Orleans, the regular order of the day was postponed till Tuesday.

On motion of Lee, of St Bernard, the House adjourned.

WASHINGTON ITEMS.

Washington, August 3.—Howard, of the Freedmen Bureau, started South this afternoon on his visit all the principal Bureau stations and perfect arrangements for winding up the concern by January.

The Secretary of the Treasury has decided to receive no more applications for clerkships. Gen. Rousseau is in town. He will leave in a few days for New Orleans.

It is rumored that an *ad interim* commissioner of internal revenues may be appointed at any moment to relieve Mr. Rollins, and that the delegates of Louisiana are pressing for the Radical mission as an *ad interim*, vice Cassius M. Clay, is seriously discussed at the White House.

Mr. Forster, the Attorney General, is away, however, and the Cabinet will not meet to-day to await his opinion on such delicate matters before taking any decisive steps.

Internal Revenue receipts over $1,500,000

Washington, August 3.—Col W. M. Smallwood has been designated by the Postmaster General to take charge of the Postoffice at New Orleans.

Col. Mann, member of Congress from Louisiana, leaves here to-night on a short tour North to Niagara Falls and Newport, R. I.

Solicitor of Internal Revenue Brinckley will assume charge of that office to-morrow.

No appointments among the clerks or storekeepers under the new spirit and tobacco tax law has been made. About 1200 commissions for the offices have been made out at the Internal Revenue Bureau but not yet signed by the Secretary of the Treasury.

MISCELLANEOUS INTELLIGENCE.

Montgomery, Aug 3.—In the Senate the only bill of importance discussed was the Disability bill. No definite action was had. In the House the large number of bills of local interest only were passed

The Common Carrier bill created an animated discussion. The Speaker made the point of order that only the committee that could be proper to put to the House, and that the clerk had no right to read from a printed copy—the original bill, having been lost at some place, perhaps, prevented a serious disturbance, as there were probably as many as 2000 persons, mostly negroes gathered around the room of the Capitol and Constitution Club, and evidently growing more and more turbulent, till the Governor addressed them in language alike positive and conservative.

MONETARY AND FINANCIAL.

MONDAY EVENING, August 3, 1868.

The movement in the Money market presents continues on the same limited scale as noticed in our remarks for some time past. The supply of capital available for the discount of strictly A1 paper is, if anything, more ample, but the offerings of the latter are exceedingly limited. The banks discount most of the approved paper offered by their customers, and lend readily for short periods on satisfactory collaterals. Street rates are still quoted at 1 per cent per month for A1 notes secured by solid collaterals and 1¼ for second grade, and 10 to 12 per cent per annum for A1 mortgage paper, second class ranging at 12 to 15.

Gold opened at 145¾ (against 145¾ at New York) and after selling as low as 145 advanced under influence of telegrams reporting an improvement in Wall street, and closed at 145¾ to 145¾. The sales include $1000, $1000 and $5000 at 145¾; August 1—Five and Whole sales $5000 and $5000) at 145¾, and $17,000 ($3000, $5000, 5000 and $5000) at 145¾.

In Silver there were sales of $500 and $1000 in American half dollars at 136⅜ and $1000 at 137. We now quote 136¼ to 137 for the latter and 148¾ to 149¾ for Mexican dollars.

The business in Foreign Exchange continued very limited. There are few or no commercial bills offering, and the transactions in consequence are mostly confined to a few small sums of banks and bankers. The rates include £100 A1 clear at 109¾ for gold; £500 bank at 110¼, and £500 bank sight at 161 in currency Nothing was reported to us in francs. Sterling may be quoted, nominally, at 156¼ to 158, and 159¾ for good to A1 clear, and 160 to 160¼ for bank. Francs 5.20@5.18¾, and 5.16¾ for the former, and 5.35 to 5.32½ for the latter.

The market for Domestic Exchange was firm at previous rates, but with very little movement. The following are the rates of sight drafts on Boston and Philadelphia ½ per ch; Tobacco to New York $5 per hhd, Flour to New York 75 cents per bbl; Cotton to New York 50 cents per bale; Flour to Northern ports $1 25 per bbl; Corn to New York and Boston 20c per bushel; Wheat to Liverpool 10 to 15c per bushel. Cotton to Liverpool the rates are for Cotton to Liverpool 7 16d to Havre 1¾d, to Bremen 1c, Tobacco to Liverpool and Bremen ¾c per hhd, to Havre ½12 per hhd.

SUGAR AND MOLASSES.—There was nothing of any importance done in Cuba Sugar to-day Louisiana Sugar is still retailing at 11¼@11¾c per lb for fair to prime, and 12@12½c for choice. Molasses is still in demand at 60@65c per gal for Louisiana and 65@70c for choice. Cuba Molasses

ARRIVALS FROM THE WEST.—Since our review of Saturday we have had Kellogg, with two barges, from St Louis, has arrived.

FLOUR.—There was little change to notice in the Flour market to-day, excepting a slight advance in superfine, single and double extra, induced by the scarcity of these grades. Demand for round lots was only moderate. 1000 bbls were changed hands, of which 100 treble extra at private terms; 200 do fancy $9 50; 300 do double extra at $8 87½, 100, 50 and 200 do at $9; 50 superfine at $8; 100 do at $8 25, and 50 choice at $7 75 per bbl.

CORN.—There was a moderately fair demand for Corn to-day, and prices ruled firm. 1000 bbls sold at full prices. 7000 and 3000 sacks white mixed at $1 07, 6000 do at $1 09, 3000 do at $1 08, 500 do at $1 05, 500 do mixed at 92½, and 1500 yellow at 95c per cushel

OATS.—Dullness still pervades the market for old Oats, and prices are still nominal. The sales to day embrace 500 sacks of old at 115; 1500 and 100 new at 65c, and 100 old at 90c per bushel.

BRAN.—There was a comparatively fair demand for this article to-day, but rates were somewhat lower. 150 sacks were sold, of which 100 and 250 at $1 25, and 100 at $1 30 per 100 lbs.

HAY.—9 bales fair Western sold on the landing at $21, and 61 bales do at $22 per ton. Choice Western is retailing from warehouse at $24 per ton, and prime to choice new on the levee.

PORK.—No transaction of importance to-day within our notice to-day. Holders are firm at Saturday's prices for round lots. Mess is retailing at $31 50@32, and Prime at $30. A few bbls sold at the latter price. Rumps are quoted at $27 per bbl. There is some diversity of opinion with regard to the stock of Pork in this market and the best information we have on the subject, which is well known, from which we took an account, as published yesterday morning, the amount is put at 17,000 bbls. Holders, however, claim that the stock is much larger, and that they are able to be in excess of the actual stock, they placing it 13 000 bbls, that is 4000 bbls more and 3000 bbls less than other finds.

BACON.—There was considerable animation in the retail demand to-day. We note sales of loose shoulders at 13¾ per lb. 50 do at 13½c; 10 casks clear ribbed sides at 16½c; 10 casks clear sides at 16½; together with a fair business in small sales, to amount of some 40 casks, at the same rates. Considerable stiffening noticeable in rates, some holders having advanced ¼ per lb above the foregoing prices for clear ribbed and clear sides.

LARD.—The market was quiet but firm at 18½ to 19c per lb for tierces and kegs, and 19 to 19½ for kegs. A few retail lots were sold at 20c for choice tierce Lard, and 20½c for keg.

BUTTER.—The market continues dull. We quote Western at 24 to 28½, and Northern 33 to 37½c per lb.

CHEESE.—There is very little request for round lots, and the jobbing and retail business is limited. A similar state of affairs for Factory are quoted at 14 to 16c per lb. Northern cheese is held at 17c, Irish Dairy 16 to 17c, and skim 7 to 10c per lb.

HIDES.—There is still a good demand for Hides, and the slight receipts are readily disposed of at full prices, while dry at slaughter are still firm. We quote: green and city slaughter 9¾ to 13½c per lb; dry salted 16 to 18c; country 15 to 16c; dry flint Texas stock 27 to 29c; Mexican dry 20 to 21c per lb.

BAGS ROPE.—Is retailing at 9¾ to 9¾c per lb. In round lots it is quoted at 9c. The market is very quiet.

TALLOW.—City rendered is readily sold at 13c and country rendered at 12½c per lb.

RICE.—The market is very dull, purchasers generally holding off until the arrival of the new crop. The transactions now are confined to jobbing lots, which are held at $5 to $5 50 per cwt for Carolina 12c per lb.

IRON TIES.—Are quoted at 7c per lb for lots, and are retailing at 7½c by retail.

WOOL.—There is little demand for inferior grades, while the better descriptions are in limited request. The stock on hand is large and it is coming in freely We quote 18 to 25c per lb for Louisiana, 30 to 35c for do. burry, 32 to 36c for Lake, and 30c per lb for Texas clip to 38 merino.

SALT.—The market is quiet but firm at $2 55 to $2 60 per sack for Liverpool ground and fine from warehouse, and $2 65 to $2 70 from store. Turks Island is quoted at $1 90 to $2 per bag

MALT AND HOPS.—Malt is in good with very little demand. It is still quoted at $2 75 to $3 per bushel for Canada, and $2 50 to $2 90 for American. Hops dull at 25 to 35c per lb.

NAVAL STORES.—Shipments of Rosin are still restricted by the high rates for freight, and the local demand is exceedingly limited. Common is quoted nominally at $2 50 per bbl. No 2 at $2 75 to $3, and No 1 at $3 50 to $4 The still quiet at $4 to $4 per package, according to Spirits Turpentine is still in very little, if any, demand for round lots. It is quoted nominally at 40c per gallon.

BAGGING.—There was an active retail demand for India Bagging to day at the per yard in bales, and 24 to 24½c in rolls, but we heard of no transactions in round lots Hemp Bagging is held at 30c per yard for hand loom, and 25 to 26c for power-loom.
