PROCLAMATION

season in New Orleans, when Heinemann Park will be the attraction for hundreds of lovers of this popular sport. I am informed that the Southern Baschall League will this year, as in other years, present a Kayanaugh Cup to the club having the largest attendance on the opening day of the basehall season. That there will be many rivals for this honor goes without saying. I should like to see New Orleans triumph in this competition, and it unquestionably can and will, if the proper spirit is manifested and the patrons of the sport here will demonstrate their unswerving loyalty to it by the presence of themselves and their friends in record-breaking numbers at the initial game of the season. It will be an exceptional occasion, for, in addition to the interest attaching always to a good game of ball, htere will be the further incentive culminating in a victory which will give us this much-sought-for trophy.

Therefore, I. Martin Behrman, Mayor of New Orleans, respectfully suggest and request that our friends facilitate in every way possible the attendance of their employes at the opening game on the 13th inst. that this Kavanaugh Cup, with its attending honors,

Given under my hand and the seal of the City of New Orleans this 12th day of April, 1917. MARTIN BEHRMAN,
