

OFFER FIGHT FANS UNIQUE EXHIBIT

For the first time in the history of the boxing game, fans of Louisiana and Mississippi will have the unique experience of seeing a boxer go through his steeple of training stunts by boxing two men in the same ring at the same time.

Les Darcy, is the chap who will present this new innovation of training to boxing fans who have time to journey to Bay St. Louis, to give him the once-over.

The announcement that Darcy intends to box two men in the Mississippi ring at the same time has struck local boxing fans a streak of lightning knockout wallop.

Mike Gibbon, alleged to be middleweight champion of America Jimmy Glabby, welterweight and later middleweight of note and numerous other champions and near champions have trained for bouts in this locality, but the strange training method of boxing two men at the same time will no doubt draw an enormous crowd on Sunday's excursion to the Bay to see Darcy in action.

And the caliber of opponents that Darcy will face at the same time in his workouts has created still more talk. Happy Littleton, who at one time was being primed for a bout with Mike Gibbons, will be one of his opponents while Young Denny, former welterweight champion of the South or Freddie Beckler, Southern amateur welter champion for many years will be the other.

Jeff Smith, Darcy's opponent arrived in town last night and today will start work at the Orleans club for the coming encounter with the Australian star. Smith is confident that he will win by a knockout and he has predicted that if cornered, Darcy will show the fans the most furious few seconds of millling ever witnessed by a local audience.

"Pop," Maneri, father of Russell Maneri, a prominent amateur boxer is seeing to it that Darcy gets the best of service at his Bay St. Louis camp. Maneri is the greatest fight fan in Mississippi and he bears the reputation of having gone out of his way at numerous times for the pleasure of accommodating boxers especially New Orleans boys.

WESTERN WOMEN IN VOCATIONAL CONGRESS Missoula, Mont., April 13.—Delegates from the higher institutions of learning and from women's clubs of the State and a large number of former college women who have succeeded in the business world, were present here today at the opening of the vocational congress for college women at the University of Montana.

It is expected the meeting will be of great value to young women who plan to enter other fields of activity than teaching following their graduation from college.

Miss Florence Hall, director of the vocational bureau of Spokane, Wash., is one of the principal speakers. Others who were heard and will speak tomorrow are Miss Janet Mum, librarian of Spokane; Miss Agnes E. Craig, professor of home economics at Washington State College, Pullman, Wash.; Mrs. L. O. Edmunds, editor of the Absarokee Enterprise; and Una B. Herick, dean of women at the State College of Agriculture and Mechanical Arts.

WHERE BILLIONS COME FROM Vast Wealth of U. S. at Service of Government New York, April 13.—Here are some figures that help to throw light on the ability of the United States to provide a vast sum for war expenditures:

Gross annual national incomes, 50,000 million dollars. Total bank resources, 35,000 million dollars. Individual deposits, 24,000 million dollars. Cash held by the banks, 2,500 million dollars. Total gold stock in country, 3,000 million dollars.

Available additional commercial credits on basis of present cash holdings, 6,000 million dollars. If the proposed financing were done by the installment of 1,000 million dollars each issue would be equal to only 2 per cent of the estimated national income.

NO MORE BRIGADIERS Washington, April 13.—The rank of brigadier general in the regular army of the United States is abolished by a provision of the army appropriation bill. All general officers, after its enactment, would have no less rank than that of major general.

POOR ATTENDANCE AT SOUTHERN LEAGUE PARK FOR OPENING DAY

New Orleans again failed to win the Kavanaugh Cup, offered annually for the largest opening day attendance in the Southern league, the paid attendance yesterday at Heinemann Park falling far below that of last year, being less than 8,000. This, despite the vigorous campaign conducted by the Kopy-Kup committee.

To say that the small attendance, which was the smallest in many years, proved a terrific shock to President Heinemann and the committee is putting it very mildly, and no reasonable excuse can be offered for the failure. Weather conditions were almost ideal and the Pels got off to a winning start the previous day at Mobile, indicating the correctness of Manager Dobbs' estimate that it is stronger than last year, all of which should have attracted a crowd of at least 10,000.

When the committee finished its labors Thursday, the unanimous opinion was expressed that the attendance would come close to 15,000. And when Birmingham, Atlanta and Memphis fell far below their opening day attendance last season, considerable jubilation was felt. It was predicted that New Orleans would win the trophy by a handsome majority. Probably overconfidence had something to do with it, but it cannot be denied that lack of baseball enthusiasm is more directly responsible.

Uniform falling off in attendance figures Thursday should have been a warning to the local committee, but they saw no danger signal therein and there was not much of an unusual effort made to get out a winning crowd. With attendance figures showing a big falling off all over the country, it begins to look very equally for baseball magnates for the remainder of the season.

The Pels made it two in a row from Mobile, winning the game 8 to 5, and now are tied with Chattanooga at the top of the heap. Kelly twirled gilt-edge ball all the way, holding the Gulls to four hits and had the game on ice after the fourth inning. In that round, the Pels batted Wiley to all corners and scored five runs. They added another in the fifth, sixth and eighth.

There were no brilliant features of the game, both teams playing very consistently throughout, each side being charged with only one miscue. The Pels loomed up as a much stronger aggregation than last year and if the pitching staff holds

TIPPING UPHELD BY NEW YORK COURT By International News Service. Albany, N. Y., April 13.—The much-belabored tip today has come into its own. It's legal, it's a part of wages (unless excessive), and it's not necessarily a favor.

Such, in substance, is the finding of the Appellate Division of the Supreme Court for the Third Department. The wife and son of a taxicab driver who were killed asked the court to award compensation based on wages that covered both the money paid by the taxi company and the tips paid by customers.

The opinion says: "The employee could not have received the tips if the employer had not put him in the way of getting them, and we may well conclude that the tips were an advantage received from the employer similar in effect to board, lodging or rent furnished in addition to the money wages paid."

"The person rendering the service considers that the tip is his as a matter of right, and involves no particular favor. An extra large tip may be appreciated, but the ordinary tip is considered a payment of money actually due. The usual tips have come to be considered a part of the cost of the entertainment at a hotel, upon a sleeper or public conveyance, and it is realized both by the person paying and receiving them that it is a part payment of the wages which the employer compels the person served to pay."

Of Course. "Why do you always have to be assured by a doctor before you can get life insurance?" "I presume the company is anxious enough to carry it."

CHARGED WITH RACE BETTING Frank Earley, white, and John Wiley, alias Humpty, negro, were taken into custody yesterday from 135 North Franklin street on charges of operating a hand book on races. Money, telegrams and other evidence taken from Earley, police say, are being held.

ONLY 13 PITCHERS HAVE WON OVER A HUNDRED GAMES; MATTY LEADS

With Jack Veick, International News Sports Editor.

New York, April 13.—It is somewhat of a distinction to have won more than 100 ball games in the major leagues.

If you don't believe it, just take a slant at the complete records of all of the hurlers now holding major tickets in the two majors, and you will find only thirteen pitchers who have 100 or more victories to their credit.

Christy Mathewson may essay to add a few more wins to his long string of 372 victories. And Matty may well be proud of his record, for he is the only pitcher in baseball to-day who has more than 300 wins to his credit.

There are only three pitchers in the game now who have passed the 200 mark. Including Matty, they are Plank, of the Browns, and Walter Johnson, of the Nationals. Plank has pitched 298 victories in the major leagues, and Johnson has come off the winner 228 times.

Ed Walsh, now retired, shot his bolt after he had won 195 games and lost 125 for the White Sox.

Included in the list of the "select thirteen" is Joe Wood, who will attempt a come-back with the Cleveland club this year. Smokey Joe has won 117 games and lost 66 during his career, and if the good old souper is really the effective souper of old, Joe may realize his ambition to pitch 200 or more winning ball games.

Figuring that the pitching art is developed to a finer point to-day than at any time in the history of the game, it is easy to see the great value of one pitcher who can stand the gaff from season to season until he has hit the century mark in games won.

The average pitcher in the big leagues is lucky if he sticks that long, and the per cent of pitchers who do is very small, as the figures show.

Here is the list of the "charmed thirteen," taken from the records:

Table with columns for pitcher name, wins, losses, and percentage. Includes Mathewson, Plank, Johnson, etc.

FIRST RACE—Maiden 2-year-olds; four furlongs. Bill Livingston 103, H. Wakeoff, 1, won; Old Homestead 101, W. Collins, 2, second; Moreheady Sullivan 112, Koppelman, 3, third. Time, 50 2-5. Dal Acton, Dalrose and Wichaka also ran.

SECOND RACE—Four-year-olds and up; six and one-half furlongs. Anxiety 115, R. McDermott, 7-5, won; Aida Anne 110, Robinson, 4, second; Dr. Charlot 115, Ward, 5, third. Time, 1:15 2-5. Cannonade, Smirk-ing, Lady London and Pharaoh also ran. Scratched: Wizard, Altamaha and Margery.

THIRD RACE—Selling, five and one-half furlongs. Sleepy Sam 105, Koppelman, 4, won; Sweetest Than Sugar 108, Parrington, 3; Swift Fox 104, Robinson, 3; Time, 1:09. Flare, Sargon II, Black Vote, Kalmia Park and All Street also ran.

NEWS FROM THE TRAINING CAMPS

Les Darcy, probably the most legitimate champion of the world's middleweight championship, and Jeff Smith, the only fighter who ever defeated him, are in the midst of their training grind in preparation for their derby bout for the title April 23.

Darcy began work yesterday at Bay St. Louis and Smith also started his work yesterday, being quartered at the Y. M. G. C.

Fred Gilmore, manager of Darcy, came over from Bay St. Louis to engage sparring partners for the Australian and among those employed was Happy Littleton, who undoubtedly will give Darcy all the hard work he needs. Fred Beckler and Russell Maneri also will help out in the boxing line.

Smith is still shy of training partners, but Manager Lippe is lining up a staff and expects to have all the assistance necessary by this afternoon. Smith is an impressive worker and those who watched him in action yesterday are of the opinion that he is going to be a tough customer to handle.

The fact that both times these scrappers have met the bout ended in a decision on a foul has not increased the affection of either for the other and undoubtedly the grudge feature will be an important factor in the mill. Both are famous hitters and game and both are clever and thoroughly experienced ringmen.

Darcy will not return to New Orleans until the day of the fight, a week from Monday, preferring to remain at his Bay St. Louis training quarters until necessary to be on the ground here. They will continue their training through the Sunday preceding the fight as each realizes the importance of the bout and the necessity for getting into perfect condition.

Knockout Mars should arrive today from Cincinnati and put on a workout at the Orleans club. The Cincinnati knockerout comes here in good condition and expects to give Kid Koster a good lacing in their scrap Monday night. Koster, however, has been prepping himself for a tough fight and has no fears of the result.

Koster is planning an invasion of the East during the summer. If he defeats Mars he will be in much demand and should enjoy a profitable tour of the no-danger belt. He is a natural fighter and wastes no time in the ring, so undoubtedly would make a hit with the Eastern fans.

Prospects are very good for a Joe Mandot-Joe Thomas scrap at an early date. Mandot accepted terms yesterday for such a bout at the Tulane club and as Thomas has been badgering Mandot considerably of late, he no doubt will be easy to line up. It will be a popular price show and may be staged the first week in May.

PERMANENT SUNDAY CHORUSES FOR BUFFALO By International News Service. Buffalo, April 13.—Three great choruses, built up expressly for the Rev. William A. Sunday revival campaign recently closed here, are to be merged to-night into a permanent local organization.

The singing organization will be one of the largest of its kind in the United States, surpassing in numbers probably only by those yet to be formed at the close of the present campaign just started in New York and one soon in Chicago. The society will ask the city of Buffalo to erect a building for it.

Several churches connected with the Sunday campaign have begun the work of organizing a permanent religious organization, non-denominational, and of sufficient membership that it could control, if it desired the election results in the city.

SOUTH PROUD OF ITS PATRIOTIC SPIRIT By International News Service. Memphis, Tenn., April 13.—Southerners are boasting that their section of the United States is more loyal to the Federal government than any other, regardless of the fact that it rebelled more than fifty years ago. In the South not an insult has been offered to the United States flag, it is asserted, and no recruiting officers have been mistreated. The young men of the South are flocking to the colors. Southerners, reading newspapers, dispatches telling of disrespect being shown the flag in certain sections of the North, declare the South can be certified with a greater degree of universal patriotism than any other section.

RACING RESULTS AT BOWIE TRACK

By International News Service.

New York, April 13.—Following are the objects of Billy Sunday's campaign in New York city, as adopted at the dedication of the great tabernacle or "gospel barn." The building was dedicated—

As an inspiration to make our virile city a veritable city of God.

For the rebuilding of broken homes and neglected family altars.

For the re-establishment of broken hearts and the healing of shattered lives.

For the encouragement of every thing wholesome, uplifting and righteous.

For the inspiration of the young, for the strengthening of those who bear the tug and strain of middle years, and for the heartening of the aged.

For the destruction of evil in places high and low.

For the winning of the lost through the power of a crucified and risen Redeemer.

For the honor of Jehovah God, who through the centuries has led His people in love.

For the honor of Jesus Christ, only begotten Son of the Father, despised and rejected of men, and yet to-day the supreme Lord and only Saviour of men.

For the honor of the Holy Spirit, revealing the light and life and love of Father and Son and bringing the mind of the Master to our remembrance.

For the glory of God the Father, God the Son and God the Holy Spirit.

Fame. A proud and happy parent is apt to score the winning touchdown.

WRONG TIME FOR CELEBRATION Charles Braun, sailor on the steamship Man Matto, moored at Erato street, was arrested early yesterday morning by Lieutenant Hobson, of the Washington Artillery, for discharging a shotgun aboard the vessel. The seaman said he had been drinking and merely fired into the air.

CHENEY MATCHED WITH B. BARRIERE

Johnny Anstett announced yesterday, he had rematched George Cheney, the local featherweight, and Battling Barriere for the main event of his next show, which will be staged next Friday night at the Orleans club. These worthies have fought heretofore, but with the exception of their last fight, no decisive result was obtained. Cheney has continually flung challenges at Barriere ever since and when he made an offer of a side bet, Barriere grabbed him up. Both are in training now at the Orleans club.

HORSEWHIPPED HIS NIECE Women Indignant Because Fine Wasn't Heavier And ver, Kan., April 13.—J. Earl Tanner, cashier of a bank here, was fined \$50 and ordered to pay \$10 costs by Justice of the Peace Wolf for whipping his niece, Winifred Tanner, 17 years old, with a buggy whip. Miss Tanner's offense was a motor car ride with Dr. R. G. House and a girl friend. They went a mile to see one of the doctor's patients.

Tanner broke the whip in beating the girl and she was painfully marked with the lashes. The attack occurred last Sunday, but no legal action was taken until the village women began to take it up. The girl bore marks on her back and arms. Saturday night Tanner was arrested and pleaded guilty. He was arraigned for sentence Monday and when the penalty was made so high he fled notice of appeal. The women in the courtroom rose and demanded the fine be made \$150.

Miss Tanner had come to Andover to attend high school and live with her uncle and his wife. She is with neighbors now.

PUNTS BLAME ON ENGLAND

Leeds, England, April 13.—Charge English Leader Says Too Much about the world's war came about as the result of England's secret treaties, especially "with the corrupt government lately controlling Russia," was made by President T. W. Jewett, in opening the public session of the twenty-fifth annual conference of the Independent party. He reiterated the party's opposition to the war.

"If the British government had kept the nation as carefully informed as the war as President Wilson had, there would have been no secrets," Jewett asserted.

"The Russian revolution of nine years ago would have succeeded if Britain had permitted it."
