The letter of Mr. Webster declining to be consibired a candidate for the presidency at the next election had a wanderful effect upon Martin. It was read to him in the exeming, and he went to be! supperless, that right He refused even half a dezen oysters. The next morning he looked much paler than awal, and talked of recommending some alterations to congress relative to the sub-treasury, by which ke thought the resource might pass. Poor nam, he is too late in the two Repentance can avail him nothing now. The same letter produced a mest excellent feeling here are one threwings—marked offathing of three candidates an electric produced a mest excellent feeling here are one threwings—marked offathing of three candidates an electric produced a mest excellent feeling here are one threwings—marked offathing of three candidates an electric produced a mest excellent feeling here are one threwings—marked offathing of three candidates an electric produced a mest excellent feeling here are one threwings—marked by favor to one state or one section of the country, but with the goost of the whole land. He has nothing selfish in his coinsection of the country, but with the goost of the whole. He has brought forward, at the goast of the whole. He has brought forward, at the goast of the whole. He has brought forward, at the goast of the whole. He has brought forward, at the goast of the whole. He has brought forward, at the goast of the whole. He has brought forward, at the goast of the whole. He has brought forward, at the goast of the whole. He has brought forward, at the goast of the whole. He has brought forward, at the goast of the whole. He has brought forward, at the goast of the whole. He has brought forward, at the goast of the whole and the Veword diskeste know of the composition is carried the composition to the control the first sufficient has ofter man now living. His genius looks beyond the day, and sta glance comprises the action of ages, and soin, reheads the effects for centuries to come. Such a man is Henry Clay, and such a man should be presi-dent of the United States. We have had enough of the mushrooms of an hour;—we require a man capable

of advising schemes for future ages to admire, and of fevising plans to secure the glory of our revolution and these manner perjectation of our noble institutions.— We are heartily sick of the president of a party, and have a president of the prople. There has been some talk of Gen. Scott for the pres There has been some talk of Gen. Scott forthe presidency, so the color as the current always in reclaims to the second large and as much as I deprecate the idea of a military president. I should apprehend no danger from him; yet I know that he will never consent to run in oppositioning flatterers.
