The locofoco organ says that the motto of no incor siderable portion of the bank party is, "perish the constitution—livespeculation." This is a felicitous para phrase of the exclamation of one of the most after apporters of Mr. Van Buren-senator Beardsley of New York. His motto, and that of the locofocus in of the malignant energy exhibited by the administr tion in effecting their downfall.

But the term "organ of the bank party" applied out, is a glaring misnomer. It manifestly belong our neighbor. We are not ignorant of the irregula-ties and abuses of the banking system—we know erfectly well that there is a superfluity of banks i country—we are aware that eight hundred banks by far too many—we know that the currency is instable multifarigus unwound,-we seek to give instability, uniformity and safety, and we suppers seout the idea of another national bank-they pudrate such an institution - hence they wish to behole c banking system extending its ramifications as at present throughout the country, flourishing in rank and unhealthy luxuriance, diffusing an unsound and va-

A GOOD JOKE.

Gov Borgs, the immaculate loco-foco executive of Mesoure, discharged a pistol, within the limits of ti city of Jefferson, (Mo.) a few days since. By the or-dinances of that city, this is puni-hable by a fine. The governor violated the law, and was hauled up before the mayor and muleted in the sum of five dollars. The governor protested against the sentence—declaring that ex-officio, he had power to result the fine. The British packet, from Rio Janeiro, "Spider," Lieut. O Reily, entered this port last night, and just as he was anchoring she was fired into (musket shot) by the French corvette "Le Perle," which broke the cato of one of the seamen on beand the packet. This off or has created considerable excitement, particularly among the British. The Frenchman has made lets of asplogies. We shall probably hear in a few days the result of an enquiry into the affair.
